With a backlog of rich experience, Global Business Icons will be focusing on exposing start-ups & Businesses to the Angel Investors & Seed Funders directly, where ideas can be shared about the product through the platform & stage of GBI Dubai live by the startups in front of the investors & equity will be shared by the investors & Global Empire Events mutually, if a product comes out to be worthy of investment.

**GLOBAL BUSINESS ICONS, DUBAI 2022 COMING SOON.**

**UDAIVEER SINGH BINDRA**

## K.L. GANJU, O.C.V.C. (CDR.)

*Consul General (Hy.)  
Advisor to the Foreign Minister  
Union of Comoros*

*President: Hony. Consular Corps Diplomatique – India*

Mr. K.L. Ganju a businessman by profession became the Consul General (Hy.) of the Union of Comoros in the year 2005. The gazette notification for his appointment was issued by Govt. of India on 10<sup>th</sup> January, 2005. Mr. Ganju at the initial stage of his life had to abandon his education to standby his father at the time of crises in the family. But he was determined to make a mark in his life. At the age of 19 years he started a small business which grew steadily. He continued his struggle and achieved his desired goals. He married Dr. Gurdeep Kaur and started living happily. He has two daughters. After giving good education to them, he got them married. Right from the beginning of his life he was devoted towards helping the under-privileged, he continued to give education to the poor children and helping getting married the daughters of the poor families. Apart from this, he was instrumental in collecting funds for the Indian Spinal Injury Center which is today one of the best Spinal Injuries Hospital in India. For this effort, he collaborated with Maj. H.P.S. Ahluwalia (the Everest Hero). But the zeal to do something special continued. In the year 2004 he was offered to become the Consul General (Hy.) of the Union of Comoros in India. Initially he declined this offer, but ultimately due to some good friends he agreed to take the responsibility. After assuming the charge of the Consul General (Hy.) he realized that this is the

best way to help the needy people wherever they are and also promote good bilateral relations between India and Union of Comoros. He established Embassy like Hony. Consulate in New Delhi and started working. He realized that there is no traffic of people from Union of Comoros to India either for education, medical treatment or business. He used his skill to convince the people and Govt. of the Union of Comoros to send their patients for medical treatment to India which has good medical facilities available at a reasonable price. He also convinced the students of Union of Comoros to come to India for education. Though Union of Comoros is a francophone country still students came to India, learnt English and thereafter completed their graduation, post-graduation and also some of them did doctorate. The biggest satisfaction which came to Mr. Ganju was when serious patients started coming to India for treatment. During the course of their treatment it gave Mr. Ganju opportunity to serve them, help them at the time of need. This also includes, sometimes, giving family blood to the patients at the time of operation. This action of Mr. Ganju became talk of the town in the diplomatic community in Delhi and people in Comoros. This service of Mr. Ganju continued and is still on.

Having achieved to serve the people of Comoros, Mr. Ganju also played an important role in promoting bilateral relations between India and Union of Comoros. Today the bilateral relations between the two countries are its best.

Mr. Ganju is proud of his achievements and in the process he published a book titled “**The Golden Decade 2005-15, My life as Hony. Consul General**”. During the printing of the book, the comments Mr. Ganju received from dignitaries including Hon'ble President of the Union of Comoros are remarkable and satisfying. Some of the comments are mentioned below:

**Hon'ble President of the Union of Comoros wrote I quote “So I am glad to say that during this decade, thanks to the tireless efforts of Mr. Ganju, there has been much improvement in Indo-Comorian relations, whether in terms of high level visits, economic interaction or people to people contact.” Unquote**

**Hon'ble Foreign Minister of the Union of Comoros wrote I quote “Talking about his experience as Honorary Consul General of the Union of the Comoros is an important contribution that I greet with respect. It is a testimony and teaching. Diplomat by heart, Mr. Ganju will always surprise us and amaze us. His journey is a life lesson. His life, he devoted to others. My country is proud to count on a man with great human qualities, a man of great talent who knows how to open himself to others.” Unquote**

**Hon'ble Mr. Idriss Raoua Quedraogo, Ambassador of Burkina Faso in India wrote I quote “His achievement as Hony. Consul General is like a pilgrimage, where he has invested a lot of dedication, selfless service, humility and fraternity to deepen the concept of Diplomacy. As a young envoy of Africa, I feel very proud and honored to have crossed paths with Mr. K.L. Ganju.” Unquote.**

There are many other messages which were received from different Ambassadors, High Commissioners, Dr. G.V.G. Krishnamurty, Former Election Commissioner of India and other dignitaries.

For this extraordinary humanitarian work through diplomacy and also developing excellent bilateral relations between India and Comoros, Mr. Ganju was awarded two highest civilian decorations by the Hon'ble President of Union of Comoros.

1. “**Order of the Green Crescent of Comoros**” – Officer Grade

2. “**Order of the Green Crescent of Comoros**” and was raised to the level of “**COMMANDER**”. This is the highest civilian decoration of the Union of Comoros.

Apart from the above Mr. Ganju has received the following awards:

1. **Gusi Peace Prize**, citation of which is signed by the Hon'ble President of Philippines. He is the 7<sup>th</sup> Indian to receive this award.

2. **Pride of India leadership award** from Kent, United Kingdom.

3. “**Gold Medal**” by Amity International University, Noida.

Apart from the above he has received many other National and International Awards.

## **Dr. NEERAJ A. SHARMA**

**Dr. NEERAJ A. SHARMA**

## **Ms. SHABEENA SULTANA**

*Honorary Consul General of Republic of Tunisia*

If Integrity, Positivity, Determination, Dedication & Passion have a synonym, it is Ms. Shabeena Sultana, who is the Honorary Consul of the Republic of Tunisia. At such a young age, she backs herself with ample experience in some of the important Industries such as Agriculture, Energy, Waste Management, Education, and Corporate Compliance. She has been at the forefront in empowering women & women entrepreneurship. She is also the Founder of Knowledge Resource Enabled Trade Organisation famously known as KRETO. Mrs. Shabeena Sultana is one of the key architects of KRETO, a revolutionary platform

that is all set to transform the way businesses are conducted by Entrepreneurs with the rest of the world. Mrs. Shabeena has been blessed with a sharp business acumen that has guided her in her journey dotted with milestones. Not at all averse to taking risks, she has time and again proved her leadership qualities by excelling in various categories that she has been a part of over the years. Her interests span Energy, Education, International Relations, Trade Association, Social Causes and many more. She has donned several hats in her illustrious career. Mrs. Shabeena Sultana, who is fondly also known as Shabeena didi, is also a Member of the Trust Board of Ms. HKBK Group of Educational Institutions based at Bengaluru. Despite her busy schedule she can be seen in the corridors of the campus where students approach her without hesitation to understand the art of carving their future by choosing the right academic programme based on their abilities and passion – as interpreted by Shabeena didi.

She aspires to help Indian businesses upscale, align and emerge as formidable players in their respective business domains with the help of strategic assistance from KRETO. Shabeena loves travelling during her spare time. She also enjoys meeting new people and expanding her horizons of awareness and experience.

**MS. SHABEENA SULTANA**

## WG. CDR. RAJINDER KUMAR CHAUDHARY (VSM) (RETD.)

*Honorary Consul General of India to Lithuania  
Proud Director of Sue's Indian Raja*

Wg Cdr. Rajinder Kumar Chaudhary (VSM) (Retd.), Honorary Consul of India to the Republic of Lithuania has served in the Indian Air Force for 23 years and took voluntary premature retirement in December, 1983. He was awarded a presidential medal for distinguished service.

He has served the Indian Corporate Companies and Multi-National Corporations, from 1984 to 1992 in senior management and leadership roles.

He has also served in Moscow, Russia as a Chief Executive Officer of a British Company and later as a Resident Director of a Dubai Based Company from 1993 till 1997.

Eventually, Wg Cdr. Chaudhary started his own business as a Restaurateur in Vilnius, Lithuania in April, 1998 and successfully expanded his business with 6 restaurants within 3 years in countries including Latvia and Estonia named Sue's

Chain (named honoring his late wife Mrs. Suwvarna (SUE) Chaudhary).

His restaurant – Sues Indian Raja in Riga was named among 100 best restaurants worldwide in April, 2001 within six months of starting operations and opening.

Wg Cdr. Chaudhary had come to the Baltics totally with a new concept of introducing authentic Mughlai food and in some of his restaurants - Asian Food such as Thai and Chinese in addition to the Traditional Indian cuisine.

To the population in the Baltics a food unknown in the early 2000s was a tough journey but with perseverance and good marketing, he managed to create those flavors as enticing to the taste buds of clients who had no idea of what Indian rather Asian food was like as they were used to the bland Continental food though exotic in its own rights.

For his pioneering efforts, "Baltic Times" the one and only English weekly newspaper in the Pan-Baltic countries named him the 'Legend of the Baltics' in 2003.

His Restaurants are popular today to 80-85% of the local clientele which includes the top personalities and famous figures of the country.

He married Dr. Lina Skutaite Chaudhary (MD), specialist in Obs. and Gyn. at Emirates Hospital, Dubai, in January, 2000. He has two sons from his marriage with Mrs. Suwvarna (Sue) Chaudhary who died in October, 1997, and two step-sons from his marriage with Dr. Skutaite Chaudhary.

He has served as the Honorary Consul of India to Lithuania from November, 2007 to November, 2010 and January, 2015 to January, 2018 and was later reappointed as the Honorary Consul on 30th January, 2018.

Wg Cdr. Chaudhary was conferred the National Award of the '**CROSS OF THE KNIGHT OF THE ORDER FOR MERITS TO LITHUANIA**' by the President of Lithuania in June, 2021, for promoting the Indo-Lithuanian bilateral relations within the Political, Economic and Cultural spectrum.

Wg Cdr. Chaudhary was felicitated by UK-based World Book of Records in July, 2021, for serving humanity and dedicated activities during the Coronavirus pandemic.

Wg Cdr. Chaudhary has also held myriad leadership roles including the President of the Overseas Friends of BJP, Lithuania Chapter and Chairman of the International Foundation for Aviation and Development (Baltic Chapter-IFFAAD).

Presently, Wg Cdr. Chaudhary is the Owner and Full Time Managing Director of Sue's Indian Raja Vilnius and have hobbies such as reading political autobiographies and listening to music.

### **Often asked what next?**

Wg Cdr. Rajinder Chaudhary always uses his favorite words "I Have Miles To Go Before Forever I Go To Sleep."

## ***N Gangadhar Reddy***

N Gangadhar Reddy was born and brought up in a small-town in Odisha, in the days when Odisha was among the Poorest of States of India. He completed his Electrical Engineering in Odisha and Joined a Public Sector Company “Hindustan Shipyard Limited” as his first Job. Not Satisfied with Routine Work Schedule and Limited growth and work scope, He left the Highly respected Government Job. But the Technocrat in Him stayed with him.

Soon he jumped to a Private sector as a HOD cum System Administrator of an engineering College JITM, Now Centurion University. He became highly successful as a teacher, but he lacked Scope of freedom to implement his innovative ideas. He left that too. But the Teacher in Him Stayed with him.

Finally, in year 2006, he started his own enterprise to make eco-friendly fly ash Bricks with a modest investment of 1 lakh and a loan of 9 lakhs from Bank with Government subsidy support from KVIC.

Here, he observed that with low-end Pressure Technology available in India, was not enough to Challenge to dominating and Highly Polluting Red Brick Industry. So, he studied and researched Technology worldwide. Luckily, he stumbled upon German Technology adopting highly automated “Pressure+ Vibration + Hammering” Triple Action Technology. As German Machines were Highly Expensive, he got these Machines custom Manufactured in China in 2012 and started his Own Advance Triple Action Technology Industry. This helped him and his team to make excellent Green Eco-friendly Fly Ash Bricks with Lowest cost of Production. Soon this model was talk of the Town.

Now...Mr. Reddy as all set to play Role of a Teacher/Mentor. He helped few of his friends and known circle to set up similar Industries. Most of which started doing very well.

**Leaders do not Stop.....** N Gangadhar Reddy, in an aim to provide extended support to this green industry started manufacturing machines in India under Dongyue Engineering & Fabricators. He also started mentoring new Entrepreneurs, not only on Machine and Technology Front, but also he provided complete hand holding Support to them.

Since then, under the able mentorship of Mr. Reddy, a Team of Highly Professional Individuals help wannabe ECO-preneurs to identify the Project Location, give them Project report for their Banking Loan Approval, Coordinating with KVIC and other State governments for their Industrial Subsidy Support, Machine Supply, Pre-Installation & Post-Installation Guidance, Project operation and Maintenance Training, Installation Project Execution, and other Industry specific support. Mr. Reddy and his Team has mentored and executed more than 330 Green Projects all over in India, Nepal, Bangladesh, Bhutan, Sri Lanka, & South Africa.

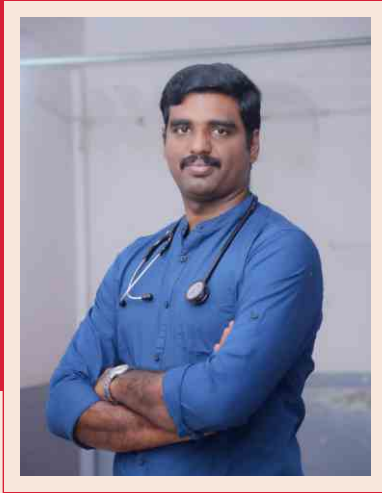

He is also became Vice-president of Juggernaut Association of Entrepreneurs, (JAE), a leading Industry Association which helps startups and wannabe Entrepreneurs to start and Stabilize their Business. As Vice-president, Mr. Reddy also dons role of a Chief mentor in JAE's inhouse Business Incubation Center.

Mr. Reddy himself started multiple diverse industries, and led by example that no industry will fail, if Promotors will do it seriously and honestly. He is presently CEO of “Dongyue Group” which makes High technology machines for Sustainable Building Materials industry, he is Director of “Biswakarma Group” involved with eco-friendly Infra products like Fly Ash Bricks, Spun Pipes, Pre Cast Concrete Products, RCPC Manhole Etc. Further, he is Chairman of Omrut Trust, which is a Social Entrepreneurship Project Actively supported by SFRUTI Scheme by Govt. of India.

Last but not the Least, Being an Artist by heart, He started “Dongyue Entertainment” which makes Odia Movies including Award winning Movie “Champion” . Mr. Reddy was awarded

'Best Inspiring Producer' by OFFA. Presently This Production division is involved into Odia Movie making, Telugu OTT movie making, Music Videos and Advertisement shoots & Campaigns.

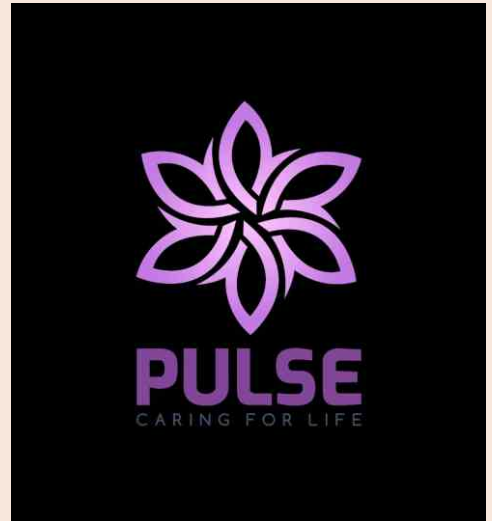

## *Dr. Akhil Raj S*

Dr Akhil Raj S/o Sri. Rajasekharan Nair and Vilasini Amma Born and brought up in Trivandrum. He is one of the youngest healthcare entrepreneur in Kerala started Pulse Medicare Hospital at the age of 28. From His Childhood he is more passionate to become a doctor. To serve poor, give better treatment to a reasonable fee, better come back from disease, to help them in depth. Now his

dream comes true in full-fledged. His

Academic Carrier goes through Schooling St. Mary s Pattom, MBBS in Govt. Medical College Alappuzha in academic year 2006 – 2012, Diploma in Daibetology in Academic Year 2016, Diploma in Family Medicine CMC Vellore in academic year 2019. At present he is Doing Fellowship in Diabetology RLA UK.

From the initial outbreak o covid first wave in 2020, Pulse medicare hospital was in frontline for the treatment of patients. around 2000 patients were treated with one of the least mortality rate in city. Pulse medicare has always supported govt policy of free treatment to economically weak patients. Till now more than 500 covid patients got treated under PMJAY (KASP) scheme at completely free of cost.

## ***AgriBee Seeds Pvt. Ltd.***

AgriBee Seeds Pvt Ltd is a growing brand started in Dec 2020 in Rajkot Gujarat. a company that owns a high-quality sortex plant in the Rajkot district. we started our company with the motto of "Quality First". We provide all the agriculture products cleaned with the latest technology. The company has 50+ active Seeds products as of now. and counting. AgriBee Strongly believes in through commitment research and quality with modern technology, we assure that whatever product we produce and supply. There will be no compromise on quality and purity one of our goals is to breed various varieties that can be grown in different climates and areas that can be resistant or tolerant to heat cold bolting, humidity, environment, and diseases, etc., thus eventually benefiting farmers and serve people better. AgriBee has an opportunity to hold a leading

position in acquiring the authorization of ISO 9001-2015 certificate of the agriculture seed industry. and company having its own Sortex Cleaning plant at Rajkot. The company believes in pure quality seeds, so we do proper grading and sorting of all crops. with attractive and clean packing

AgriBee Seeds Pvt Ltd is involved in the breeding, production, and marketing of hybrid seeds of Hy Sunflower Seeds, Hy Castor Seeds, Pulses & Spices Seeds. The company's research programs are based in Gujarat with trial locations situated in the key agro-climatic zones of India.

The company's research and product development efforts are focused on developing and identifying high-yielding hybrids that are well adapted to the harsh growing conditions of India with the disease tolerances required to help the customer realize the full potential of the seed. High-quality hybrid seed is produced under the close supervision of experienced production technologists.

The seed is conditioned at the company's seed processing plant in Rajkot (Gujarat) and then distributed through an extensive marketing network that covers the major growing areas in the country.

AgriBee Seeds Pvt Ltd has developed a code of conduct to guide our-self in matters related to seed business. Scientists engaged in Research & Development are expected to unbiasedly report the performance of new improved products and produce genetically pure quality breeder and foundation seeds for further mass multiplication. Seed production and supply chain management have to ensure the availability of good quality seeds of the right type of genotype at right time. Our seed quality standards are always better than the prescribed minimum standards. Each lot of seed (parents, hybrids & OPVs) is passed through stringent Grow Out Test as well as seed technology laboratory test to maintain higher seed quality standards guaranteeing increased production with value addition.

Marketing teams are committed to providing precise information on our products regarding their suitability to different ecological niches. Besides promoting our value-added products our marketing experts are supposed to work to bridge the technology gap and ensure that farmers harvest increased yield with the same level of inputs and/or they can save inputs without compromising yield.

## ***Harshada Pathare***

### **BORN TO BE CREATIVE MAGNET**

Harshada feels that creativity has the power to break conventional consciousness and open up to think more deeply about our surroundings. Though we have a broader world around us, we are hard-wired to think much about ourselves and our home. Breaking this standard approach, Harshada boldly dived in to explore the life and environment around her. She gathered multiple perspectives, refined them with her insights, and dared to challenge the status quo, earning the tag of

#### **Contrarian Thinker.**

It is the strength of creativity that Harshada intricately taps in her work, ***“Literature means Intelligence, Imagination, and Infinity...unbounded!”***

Harshada started writing during her school days, unaware that one day her work would titivate into an insightful curriculum that instills inspiration and enrichment in her readers.

Results take time when the models are operating on creative cognition, financial wisdom, or entrepreneurial skills. As we know, success stories don't happen overnight; there are chips of hard work and persistence layered in their purest form. Harshada continued on her artistic journey believing that the outcome will have a positive impact on the readers.

The discovery that writing is an expansive and agile medium that can be molded as per the creator's view motivated her to be an author. Every story written in her blog depicts truth and honesty that recreates her persona as authentic and reliable. It's not easy to write a true story. You need to amplify your thinking skills to select the uniqueness and imbue their spirit in your ink. Every line in her story seamlessly seeps through the emotions of the character. The main motive of writing the One True Story blog is to speak the undeniable truth.

***“That's the power of honesty; it delivers positivity and trust from a human connection. People have different modes and mediums of communicating, but I express through creativity, and it is the best experience. It represents more of your individuality and even shows the strength of collaboration.”***

The Internet has been kind of a driving force for advocating her purpose. As her social followings and fans increased, she created a community to nurture ideas and inspiration that make a creative career viable. The aim is to think bigger, challenge the social constructs around specific topics, and redefine the existing way. We are anxious to create something enriching between the blanks through conversations, communication, and chaos.

Harshada has made her creative stimulus available on her UX-designed website filled with stories, articles, downloadable videos, and poems.

She expresses her idea behind an innovative content curation platform,

***“I'm working towards creating a digital platform that presents content that is so emotional and psychological; it reignites creative impetus, deep connections, and personal discoveries.”***

## ***Enam Hyder***

Langschwert Automotive Pvt. Ltd / Langschwert Electric Vehicle Charging Station Pvt. Ltd both company's Founder – Chairman & Managing Director – Enam Hyder Choudhary. An entrepreneur who firmly believes Never Fear to think Big, be positive and focus on your target with passion against all odds. Takes Risk, finds ways out to every uneven, non-favourable situation. He makes best use of information gathered, analysed and utilized at right place, right time to achieve its

Target. Which was impossible to think for most, who even fear to think. Enam Hyder Choudhary has successfully started on this venture of Electric Vehicle

passenger car company under Langschwert in 2016, with completion of all requirement and embark on journey as a Automotive Manufacturer by starting procedure with Equity Investment of Rs 4,000 Crores with Investor and Process starts in first week of January 2022.

As Pandemic hit us all, it was still a boom for people who think positive and have survival instinct. He used this opportunity to work on Electric Vehicle Charging Station and made best use of idle time. Thus, past three years of working has made it possible to start Electric Vehicle Charging Station Business and will come as a Manufacturer in this segment too. Thus, a new

division was formed in April 2021 under Langschwert Electric Vehicle Charging Station Pvt. Ltd. An Investment of Rs 150 Crores formalities begins by 3<sup>rd</sup> week of February 2022.

**Be assured Langschwert is here to make a Mark in Automotive Industry for Decades to come.**

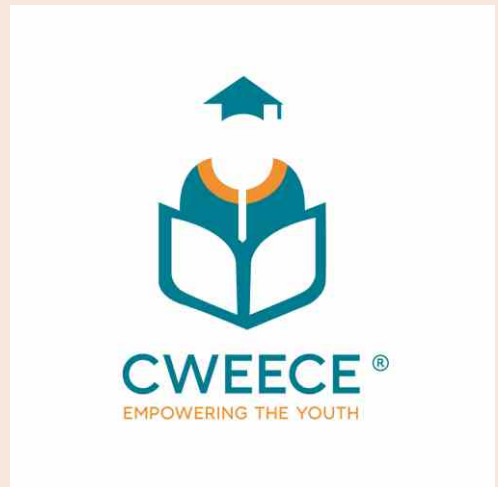

## *C.P. Mohammed Haris*

Small activities often attract rare attention. But if planned and practiced with a vengeance, they become pivotal. The life history of Mr. C. P Mohammed Haris tells the story of a visionary businessman turning into a committed educationalist who focuses on the alleviation of unemployment across the globe with a missionary zeal to effect changes in the society working at the grass root level. As a member of family with a business background, Mr. Mohammed Haris followed the footsteps of his predecessors in business and earned a good name fame and fortune in the footwear business. It was after earning his MBA from Madurai Kamaraj University. The idea of leading an ordinary life of a common businessman did not satisfy him. The fire in Mr. Mohammed Haris propelled

forward to resume studies that would benefit both to him and the society. As the great social reformer and spiritual leader Sri Narayana Guru said 'Avanavantma sughathinacharikkunnavaparanu sukhatinay varenam'(what you do for your benefit should be beneficial for others also) was his guiding principle. Cherishing this ambition, after completion of his MBA and set out to find a field in which he can be more comfortable and committed as a social being.

With this mission in mind, he searched for a field to materialize his ideals and plunged into field of extending education to the less privileged sections of the society in all countries across the globe. There are a great number of people who cannot pursue education due financial and social constraints, or people who are unable to improve their career for want of time and sufficient finance to concentrate on further education. This thought of helping the under privileged led to the culmination of CWEECE India based Bangalore which facilitates the Digital Vocational Training Academy platform catering the educational needs of people who pursue different vocations and trades. This is the First digital platform in India for vocational training courses. More than 100+ courses will be provided through this application. Students from any part of the world can access the educational facilities at any time and any place at their convenience. Those who are financially back ward or those who cannot find enough time to attend regular courses or have desire to improve their career by upgrading qualification. The wide range of courses offered by CWEECE India on this Digital vocational Training platform covers Information Technology, Management, Technical, Primary and Montessori teacher training, Accountancy etc., to name a few.

As the Chairman and CEO of CWEECE India, Mr. Mohammed Haris is content with his achievement in spreading cost friendly, comfortable, convenient and authentically certified and scientific education to the needy and less privileged people all over the world. Perhaps, CWEECE offers the largest number of online courses which are certified by recognized Indian universities. Now CWEECE association centres opened in UAE, Qatar, Sri Lanka, Malaysia, Singapore, Nepal and Bangladesh within this short period. The growth of CWEECE India with network more than 500 associated centres within short period is not a small achievement.

## *Debrato Mukherjee*

Dr. Debrato Mukerjee is a Dynamic Independent Scientist and environmentalist with exposure with over twenty Eight year Research, innovation within highly core competitive technology. Profiled Independent Scientist helping Indian interests expands in Asia and world, Bi-culturally insightful and profit-minded in operations. An exceptional communicator with a consultative style Dealmaker with expertise in global business protocols, exceptional problem-solving abilities, and a Research - development pro who consistently meets social & corporate goals, keen client needs assessment aptitude. Diversely experienced visionary aggressively identifies opportunities, develop focus, and provide tactical business solutions. Entrepreneurial leader who performs well in team environments.

Dr. Debrato Mukerjee holds a Post-graduation in environmental science and an Doctorate of Philosophy as Independent Scientist and Environmentalist, work that has been awarded by RUA (Royal American University, Newark, Delaware, USA) for his contribution to the field of Inventions, Artificial Biological Intelligence, environment, Water Conservation, Bio medical

Engineering and Sciences, Space Ex technologies etc.

Additionally, Dr. Debrato Mukerjee is also Inventor of First Artificial Biological Intelligence and its Agent, Worlds First Minimum Visible light irradiation technology and Photo catlyst for Biological protection shield, Wonder super active, smallest, single layer lightest carbon particle – Graphydene, Nano alkaliner, Safemask – Advanced & portable ventilator, Free energy air compression & suspension technology, Hydro particle – for agriculture, and water conservation, Drug storage media for trans-dermal patches for Biomedical engineering, typical fluid collection media etc. Dr Debrato Mukerjee is also inventor and patentee of MFC (Microbial Fuel Cell) and PEM Cell (Proton Exchange Membrane) for electronics and space ex technology.

Before his foray into Independent Scientist and Environmentalist, he has worked for more than two decades across India and Abroad. In his corporate avatar, he has held a leadership position in Strategy, Research & Development with Multinational healthcare giants.

He being a brilliant had a long and unique experience with his Masters and mentors lead him to Honourable job of his interest, resulting in clarity on his life's purpose and that was instrumental in paving the way for his onward journey to set up & perform his Independent research projects and innovate and patent.

Today, Dr. Debrato Mukerjee has accomplished 47 Patents and 310 Patent claims in fields of difference right from Artificial Biological intelligence and Its Agents, Agriculture, Bio Medical engineering, Super active Carbon Compound, Super active Microporous Silicon compound, Microbial Fuel, Hydro Particle, Condensed Bio fuel technology, Single layer Lightest wonder carbon particle – Graphydene, Nano Liquid Mineral Clay (LMC), Geo magnetic Levitation technology, Air Compression and suspension technology – Free energy transmission, Nano alkaline etc. to build a better and robust new age India.

To date, Dr. Debrato Mukerjee has been honoured with Asia Pride Award 2021, Shauraye Bharat, Indian Achievers Award, Rastriye Samaj Sewa Ratna, APJ Kalam for Science and technology, Global Business forum & Awards, Bharat Bhushan Award, Global Triumph 'Planet' award, Global Business line 'Spotlight' Award, IJASE Award, Vyapaar Jagat Special Award – 'Serial Entrepreneur of the Year' Award, Indian Glory Award, 'India Pride' Award etc.

Dr. Debrato Mukerjee being and Independent Scientist has been carrying all his research and development activities independently without any financial support from government or institution. It has been always challenge to carry over the research from scratch to Invent and develop a technology with proper infrastructure and support.

Innovation and development of Worlds First Minimum Visible Light Irradiation Photo catalyst - 'Biofilm' - Biological Protection Shield for Human, Plants, and Animals. Biofilm is water based Disinfectant, Sanitizer and Sterilizer which offers 360 degree antibacterial, antiviral, Antifungal, Anti protozoan and offers protection 240 hrs to 600 hrs with single application. 'Biofilm' is free from alcohol and benzene, does not require any alcohol, Acid or Biocide & Chemical for oxidation of Microorganisms. Biofilm has been patented and tested by Apex Laboratory of scientific research and world's largest Labourites 'Eurofin Labs' and has found to most safest Environmental Friendly Disinfectant, Sanitizer and sterilizer for open and closed surface areas, Critical and highly contagious areas such as Operation theatres, Schools, collages, Bus stand, Railways, Airports, Commercial complexes etc. It is even economical then the present sanitizers, disinfectants and sterilizers in the world. 'Biofilm' has its decontamination efficiency even in dark, with minimum visible light i.e in presence of LED fluorescence, and also in sunlight up to 99.99% for 240 to 600 Hours. Biofilm also decontaminate the Aerosol micro contamination, eliminate toxic materials and gases etc. Fabrics are also can be sterilize through 'Biofilm' etc.

Innovation of world's first Portable alternative advanced Ventilators and air purifier which has a weighs only 1300gms with backup of 3hrs on emergency mode, battery can be recharged with normal mobile chargers and can be taken overs to high altitude, also work as oxygenator too.

Organic and Natural ingredients with minimum chemical interferences and dependency, Convert Drylands and Desert into Organic Agriculture with innovation of Patent Hydro Particle technology (Hydro Ball) and Liquid mineral clay.

## ***Mridu Bala***

The fashion world is one industry that is known for glamour. No matter what you like, you must have wished to look as stylish as your favorite stars. After all, everyone wants to ace their game when it comes to styling. Fashion designers are the one who sets the tone that transpires millions of people. Fashion keeps changing with every passing day, which is why the designers have to be at their creative best to make their presence felt every time. One such name is Mridu Bala, who has established herself as one of the most prominent fashion designers currently available.

Mridu Bala started her career in the fashion industry back in 2014. Since then, she has done several fashion shows. With her unique style, her collection stands out from the rest of the world. Her personal touch reflects on whatever she makes. In a very short period, she has been able to impress top names in the industry. Her shows have also featured some of the celebrities like Mahima Chaudhari, Amit Dhuria Cristiano, Arshifa Khan, and Lucky dancer, Akash Dhandlani

Her husband Late Shri. CA Ajay Kumar along with her parents and brothers are her inspiration. Sudden demise of her husband shattered her from within but still she is standing brave enough to achieve success that was Ajay kumar dream too. When it comes to the fashion industry, she considers Manish Malhotra Shyamal Bhumika and Md. Suhail Amin as her inspiration. While talking about her plans, she wishes to make her presence felt in the world arena.

Someday, she hopes to start her manufacturing unit along with some showrooms. She also wishes to create a brand that would be the perfect mix of luxury and necessity. She wishes to feature in the list of top fashion designers all across the globe. She also hopes to work with the most popular directors on various projects. In less than 5 years, she has been able to find her place in the industry that is known for its competition. If one looks at the amount of work, Mridu has done in the past few years, it is crystal clear that she will get everything she wishes to.

Despite achieving so much success in just 5 years, Mridu Bala considers this just a beginning and believes she has a long way to go. She wants to feature the list of top designers of the world in the next five years. She also wants to start her own manufacturing unit along with few showrooms. She also wishes to collaborate with top directors and showcase her best designs. We wish her all the best for her future ventures.

And lastly from my heart i want to say that " I am whoever I am today. I am because of Husband Late Shri Ajay Kumar ji. Career of a girl is in the hands of her parents but my career is made by my husband. May the blessings of my late father-in-law ji Shri Ram Saran ji and my husband late Shri Ajay Kumar ji always remain like this. It is my duty that I can fulfill the dreams of both of them. "

**THANK YOU SO MUCH SARVJEET SINGH BEDI UNDERSTANDING ME AND SUPPORTING**

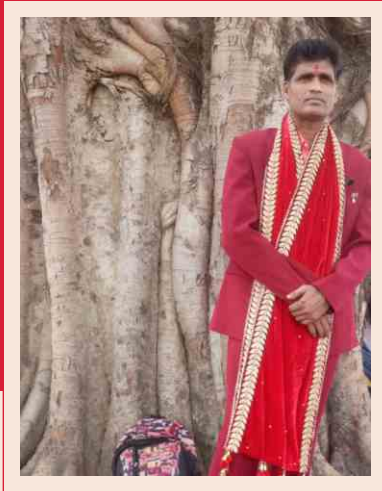

## *Ajeet Kumar*

## *Muneer Peerzada*

I Muneer Peerzada start my journey in 2009 at the age of 22 as an employee in a reputed salon in Srinagar Kashmir - India. Having a will to put in extra hours of work when needed and the ability to perform well in team environments. At this age, I plays various roles in the family with many responsibilities.

After 10 years of hard work and experience in salon line I finally decided to start my own business. After the good start of my salon business there was the bad impact of abrogation of Article 370 and Covid Pandemic which continues till

13 months, Fortunately I managed to pay the wages to my employees and send them back safely to their homes, instead of Abrogation of Article 370 and Covid Pandemic, I decided to restart my salon business again at the same time I hired more than 20 employees from all over the INDIA, Who are experts and excellent in the said business, at present as per the feedback of our clients and the hard work of our professionals (Alhamdulliah) the iSignature Salon has become one of the reputed salons in north kashmir - INDIA.

With the grace of almighty Allah during all these years we have inaugurated more than 1 spa and 2 saloons.

Now iSignature is about to expand it's business to create more employment for unemployed youth all over India . We are looking forward to provide better and safe work places.

# Arjun Chaudhari

## UKIYOTO PUBLISHING

*“As all fiction start from intriguing stories, Ukiyoto too had its story, only that it was not a fiction.”*

Incepted in Oman in 2019, Ukiyoto aims to identify quality content from across the world, nurture and polish them with in-house intelligence to spin a unique spellbound creative hub with publications in both print and digital formats. With its global outreach and extensive distribution coverage, Ukiyoto is able to create a vast exposure to the selected titles and have a large audience base to choose from its publications.

To date, Ukiyoto has a footprint across 70 countries, published 2,500 writers and academicians, printed and shipped books overseas to over 50 countries from U.S. to Africa to South Korea and Russia.

With one of its objectives to blend powerful technology such as AI, AR and Blockchain, Ukiyoto is able to create a constantly innovative ambience for its ever growing cohort.

*Ukiyoto comes from two Japanese words, Ukiyo and Kyoto.*

*'Ukiyo' is the floating world created by the dance of leaves when looked at the sunlight amidst the tiny spaces within them while 'Kyoto' symbolizes Capital. Ukiyoto hence signifies the capital of a creative floating world entirely different from common existence.*

Ukiyoto specializes in traditional publishing with quality content development taken care by a strong core team spread across India, Philippines, U.S. and Russia. It produces trade and academic books both in print and digital formats for distribution around the world. Magazines, Comics and Graphic Novels are newly introduced products which have received quite a positive response from the readers of late.

With the introduction of Audio Books and Spoken Word projects in July 2021, authors have taken keen interest in participating or contributing for them and having their audio 'work' distributed across the world.

Few notable projects to mention are,

Association with Everychild's Lifeline Foundation, Nigeria in 2021 to support social impact projects for children from target countries such as Nigeria, Russia, India, Bosnia and Serbia

Launch of Itinerantur magazine in Uzbekistan in 2020 promoting tourism in Central Asia and featuring 10 unique exotic travelers with their travelogues from Antarctica to Arctic Circle

Association with Greek school in Addis Ababa, Ethiopia to print and ship more than 200 books for school children in 2020

Published works of authors who have been featured in The Oprah Winfrey Show and those having credentials such as Indian ambassador in WHO, Best Selling Author in Israel, Best Poet in Tunisia, nominee of The Pulitzer Award, professionals from FTSE 100 Companies with over 40 years of experience and many more

To cater to a global audience Ukiyoto developed its own logistics chain named, Ukiyoto Express in June 2021 which ships paperbacks and hardbacks to anywhere in the world with a shipping cost across continents starting as low as 90 cents per book. Ukiyoto has its printing partners in U.S.A, U.K., Denmark, France, Spain, Italy, Japan, Canada, Australia, India, China, Singapore, Hong Kong, Nigeria and South Africa to cater to the regions in and around and facilitate faster and economical shipping by flight or sea (whichever applicable).

Learning & Development

Nurturing talent has always been one of our prime motto in moving forward. To identify talent, mentor young minds, shape and mould aspiring writers, we envisioned Masterclasses which involve highly effective classes and workshops conducted by published writers, reputed authors, creative artists, industry professionals and technology experts. This not only ensures grooming and channelizing talent but also provides a pathway for young minds to reach their dreams in the creative domain.

The sessions are conducted both in offline and online mode followed by further development of the participants in an ongoing process.

### ABOUT THE FOUNDER

Ukiyoto Publishing was founded in January 2019 by **Arjun Chaudhuri** and is registered under the entity, Isekai Labs LLP, Hyderabad India. Arjun is an accomplished executive with domestic and international experience in business and corporate strategy, management consulting, product management, market research and business development.

## ***Darshna Rajwansh***

My Name is Darshna Rajwansh full name Dr.Adv. Darshna Rajwansh my father's name is Mr. Chirag kumar Rajwansh and mother's name is Ramilaben parmar i have two siblings one is younger brother Rashmin Rajwansh and another is Hetal Rajwansh Tejal my brother's wife.....

## Ramya Selvaraj

Sharas Enterprise is an Indian-based company incorporated and licensed in India. Sharas Enterprise started its operations in April 2015 with the main goal to be exporting and importing commodities worldwide. Ever since, the company has been trading various commodities such as Rice, Sugar, Vegetable Oils, Canned Food, Fertilizers, Cement, etc.

Quick in July of the same year, Sharas Enterprise entered into an agreement with E-DEAL EXPRESS LLC a USA-based company for a strategic joint-venture. Both companies have become like sisters in dealing with the international Export and trade market. Together, through hard work, trust, rigor, discipline, and tireless efforts days and nights, Sharas Enterprise and E-DEAL EXPRESS LLC are conquering markets, businesses, banking relations, etc. sharing the same goals, strategies, methods, markets, and principles in business.

### GRACISS - START UP

On hearing from friends few were was facing PCOD problems, Rashes, and common problems during menstrual period. In search of the solution, she got to know that most of the problems are due to sanitary napkins that are commonly available in market which contain harmful chemicals and plastics. Therefore, the only solution would be a chemical free natural type of pads from there it has all started. ANION pads were available but not at affordable cost for most of the people not only in INDIA but in ROW market too.

Finally, Graciss was born in 2020. Graciss is a multinational brand that is available in India, the USA, and Dubai. Soon it will be launched in West Africa, Kenya, Australia. Graciss sanitary pads have 2 types: Anion Chip pads and bamboo chip pads. The cost of the price is INR49 (where other brands price is INR150) given in cloth and jute pouch. So that all type of people will be able to buy for less cost.

Graciss sanitary pads have 2 types: Anion Chip pads and bamboo chip pads. Graciss pad's top sheet is designed in a way that does not block the airflow to your vagina, unlike its regular counterpart. The pad is also completely free from harmful chemicals, latex, and toxins. Best of all, it is eco-friendly.. Each pad comprises seven super-absorbent core sheets. This is 3-in-1 sanitary napkin brand comes with an attractive Jute pouch, plus the different types of color pouches. We are encouraging women to use the pads with different lengths and absorbency throughout their entire cycle. Accordingly, each pack consists of day-use napkins, night-use napkins and, first and last-day use. The Green Anions chip pads with negative ions help in moving up the womb through the vagina and improve blood circulation, the pads facilitate smooth discharge of blood clots while repairing the womb. The Bamboo pads are made up of Bamboo fiber without using any bleach, due to this People will get a smooth feeling. Many women have felt the comfortable in their Period cycle usage.

**Special Mention Award - 2021** - Health Care Category - **HOMEPRENEURS.AWARDS** by AVATAR

**Women entrepreneur of the year 2021** - Indian Glory Award 2021

**Humanitarian Award** - Ican Foundation

## *Rajesh Kumar*

SAIGOMA PRIVATE LIMITED got established in 2019 in Alwar, Rajasthan (India) into manufacturing of Rubber Food Contact Materials from various rubber compounds and sizes and has all the latest technologies, facilities for quality control and to provide you extraordinary and world class products.

The founder of the company is

a rubber technologist and veteran of rubber science who during his service to many industries in India has designed lots of world class quality rubber compound recipes for several applications and industries like Indian Railway, Automotive Industry, Pharmaceutical, Valve Industry, Food Processing Industry, Grain Milling Industry, etc. One

of the most renowned recipes designed by him is for Food Contact Materials (de-blinding balls) made of rubber for grain industry or for the industries where toxicity in FCMs is not allowed at all. The designed recipe was known as the first recipe which passed all the tests performed as per CFR 21 US FDA 177.2600 and EU 1935/2004 regulations for grain industry screening section and it became the first ever recipe in India to pass the tests performed by SGS lab.

### **VISION**

To deliver 100% food grade Rubber Food Contact Materials to every food processing industry all around the globe.

### **MISSION**

SAIGOMA is dedicated to provide customers the highest quality rubber products in the field of "food processing industries, pharmaceutical industry, mining industry, etc", by developing a successful partnership with them, exceeding their expectations and gaining their trust through outstanding performance by every member of our team. We provide work environments where our employees can meet their potential and thrive in an atmosphere of professionalism. Our aim is to become the "Single Choice of Food Grade Rubber Components" in the world.

### **WHY SAIGOMA?**

We follow SOPs (Standard Operating Procedures) in all the departments.

All the incoming raw materials are tested in the lab before accepting them for production.

We test all the batches of rubber compounds in the lab before sending them to our production department.

After production, our quality assurance team test and check the quality of the products.

We have a specialized place to store the finished goods in our storage area where there is no direct sunlight or dust.

The goods are packed as per standard.

### **QUALITY POLICY**

Our Quality Policy is defined as "TOTAL CUSTOMER SATISFACTION" and is strongly driven by the following management principles and behaviours:

- Build a mutually profitable relationship with our customers, ensuring their long-term success, through the understanding of their needs and the needs of their customers as well
- Achieve our commitments for quality, cost, and schedule that work towards Exceeding Customer Expectations
- Enhance the systematic research and use of best preventive practices at all levels and ensure reliable risk management
- Drive continual improvement and innovation based upon efficient business processes, well-defined measurements, best practices, and customer surveys
- Develop staff competencies, creativity, empowerment, and accountability through appropriate development programs and show strong management involvement and commitment

## Sneha Raja

Mrs Sneha H Raja is a "teacher" who is now an owner of an institute named "Right Decision Academy".

She holds a gold medal in MBA and currently, she is pursuing a doctorate in Business Management and Business Administration. She has completed her certification as a Global Career Counsellor from UCLA ext. Adding to her credit she is a DMIT expert too.

She owns an institute called "Right Decision Academy" for students from class V-XII as well as for students

from the commerce field (BBA & MBA). She has built up her team with subject experts and hired

4-5 of them as subject teachers at her institute. Along with education, she keeps on arranging extracurricular activities by bringing motivational speakers, organising stress management seminars, arranging live music concerts for refreshment and much more. Thus providing all of these services that help a child to grow at a very affordable price with additional scholarships on scoring maximum marks.

Apart from teaching and counselling, she has contributed in bringing up the study material for BBA students in Gondwana University and sold 1000+ copies and hence supported maximum students in achieving their goal.

Her aim is to brighten up the future of kids and upcoming youth by teaching, guiding and providing them with the right and scientifically best career path for them with the help of psychometric tests and Dermatoglyphics Multiple Intelligence Test (DMIT).

She is also engaged in lots of social work. Being the secretary of the inner wheel club of Chanda Fort Angels, she helped in women empowerment and helped needy women to grow.

About Right Decision Academy,

When it comes to the education of a child, the right career, right mentor, right environment and thus right coaching is very important. Depending on this thought, Mrs. Sneha Raja brought up an ideal coaching centre for the students of class V to XII.

RDA was Established in 2021, and is an independent institute whose mission is to bring a revolution in education sector and teaching pattern. And help the students to choose the career right from the beginning.

What do you need for your child's complete educational growth? A career counsellor, A DMIT expert and the best coaching. Well, at Right Decision Academy we provide all the educational services one needs for his/her educational growth.

What makes us special?

Our warm, family-like environment where everyone counts!

Our high expectations for our students to reach their full potential.

Our committed, dedicated and caring staff who strive to make your child's learning and social experiences fun and meaningful.

Right Decision Academy  
Educational and Counselling Services

**WE DELIVER, WHAT WE COMMIT!**

## Neelam Singh

Neelam Singh is an emerging woman entrepreneur of India. She is the Founder & CEO of a growing Startup, Centillionaires Ardor Industry Private Limited, also known as the ceNdor Industry. It came into existence in the year 2020 when Ms Neelam decided to fulfil her cause of reducing the burden on the environment. Today ceNdor Industry provides world-class Green Energy Solutions that create a cost-effective, secured and resilient system thus contributing to environmental sustainability. Ms Neelam is on a journey to make India green-powered along with providing employment opportunities to the backbone of the country i.e. the rural parts. She and her company focus on empowering the women in the rural areas who can contribute to building a strong nation.

It was while preparing for her CA Finals that she realised that life has some other plans for her and she registered her first company, the ceNdor Industry. Coming from a humble background, Ms Neelam completed her Graduation from DAV Century College in Faridabad. She moved to Delhi to pursue her

studies as a Chartered Accountant. It was in the year 2020 when the world was hit by the worst pandemic of the century, she realised it to be an opportunity to start her own venture. Little did she know then, she was destined to be an entrepreneur.

Centillionaires Ardor Industry Private limited focuses majorly on Solar based Solutions for residential and commercial electricity. They have recently landed in the arena of e-vehicles while focusing on expanding Solar energy solutions for e-waste management. They route out the slogan 'हर घर

### सोलर, पग पग सोलर'

ceNdor Industry is associated with a leading Solar Engineering Company, that is in business for 15 long years, with a portfolio of 100+MW of Photo-Voltaic Projects and 8 lakh litres of Solar Thermal Projects. To achieve their mission of 100% variable renewable energy powered systems till 2030, ceNdor Industry has its teams working on full-speed in states like Rajasthan, Gujrat, Punjab, Chhattisgarh, Delhi, Haryana. They are about to lay their foot in other states as well.

ceNdor Industry is recognised by Startup India, MSME India and is ISO:9001:2015 IAF certified. It was credited with AWS credit of \$6500 from Startup India for business growth. Also, the company got approved on Government E-Marketplace (GEM) by the Government of India in its very first year.

With a hardworking team and Ms Neelam's vision, the company recently bagged back to back awards for its commendable work and par excellence in Green Energy Solutions specifically Solar Energy.

ceNdor Industry was endowed with the prestigious International Glory Award-2021 for 'Most Trusted Start Up Solar Company in Delhi' by Bollywood Superstar and Philanthropist Sonu Sood.

To applaud the efforts of Ms Neelam in taking the ceNdor Industry to new milestones in the year 2021 while building a cleaner environment for generations to come, she was awarded 'Mahila Krishak Samman 2021' as a new startup icon for enabling solar energy for the cause of poor farmers. The award was presented by the Hon'ble Minister of State for Agriculture, Govt. of India recognising the importance of females in the sector.

Global Business Icons also acknowledged the work being displayed by Centillionaires Ardor Industry Private Limited in the Green Energy sector and awarded it as the 'Emerging Startup of the Year 2021'. The award was bestowed to Ms Neelam Singh on behalf of her team by Lord Diljit Rana, House of Lords, UK.

Ms Neelam comes from a family that always believed in simple living and high thinking. These values were her strength during the times of her part of the struggle. A time period of her life was spent in her village. Scarcity of electricity was a major blockage in studies for children in villages. Electricity was only available for day and night time in alternative weeks. The crisis of electricity has a major role to play in the vision that Ms Neelam has for India. She does not want any child in the village to face similar situations as her. She says that lack of electricity should never prevent a child from shining bright.

Her childhood values and ethics is another aspect of her life that she never compromises with. According to her, honesty and patience are the two keys to success as they can solve any problem that comes your way. Under her leadership, the ceNdor Industry aims to be the global leader while sustaining the culture of trust, respect, ethics, values, collaboration and performance to achieve the long term goals of saving the earth through sustainable renewable energy solutions.

Her work does not conclude here. Awareness is the key when you are bringing a new technology that is the future of the world. ceNdor Industry is installing Solar energy systems in both residential and commercial sectors and also educating the masses about the long term benefits of it. They are on a mission to create awareness about saving energy bills through Solar energy systems as they are no longer an expenditure but an investment for people.

Neelam has always believed in the power of youth and their determination to bring more significant changes in their own lives as well as to their nation. She has built an efficient team of vibrant youngsters who are taking forward the mission and vision of the ceNdor Industry which is the shared goal of growing together. And it is the hard work and zeal of the team that ceNdor Industry has grabbed its first Government of India project which at the beginning of the year 2022, is about to initiate its first phase. A part of the mission is also to contribute to India's development by supporting the initiatives of the Government of India like Make in India and Atmanirbhar Bharat. Ms Neelam wants to put up her bit through infrastructure development of superior quality which is very well mirrored in her work.

## Adv. Chandani Kapadia

Chandni's journey to success has been elating with ups & downs. She recalls the day when ventured out on her own to pursue her dreams to study Fashion and design, that too in an unknown country when she was just 16, overcoming so many criticisms and naysayers. But her strong conviction and will not only made her confident, to overcome whatever may come her way but also made her believe in herself.

It was her dream come true when she directly got to learn from Mr. Calvin Klein himself, while studying Fashion Merchandising from FIT, New York. And her solid determination and passion for the brand, inevitably went on to make her Calvin Klein's Country Head.

Chandni excelled in her roles as Asia Pacific Head and Country Head of various international luxury brands and has always laid importance to strategic planning. She further, went on to pursue Master's in Business Administration from London School of Economics. Her sheer willingness to learn is unstoppable which led her to becoming a lawyer with 11 gold medals.

She believes in adapting to the circumstances yet staying true to herself as in the end what makes or breaks you is your inner self, and she feels that the cosmos will give you what you desire and truly deserve. ***She says, "When I look back nowadays, there's nothing that I likely wouldn't do once more. Be that as it may, there are things that I would do in a diverse way."***

Chandni has always believed in the 'Power of Team'. As a leader she ensures that her team feels motivated and empowered by pushing their limits and collective brainstorming and making her team a better version of themselves. She believes ***"Age or gender is never a barrier in fulfilling your dreams. You can achieve whatever you want if you set your mind to it."***

Speaking about her association with GLS University she goes on to explain that Gujarat Law Society was established almost nine decades ago by Shri Vallabhbai Patel and since then it has grown into this huge University which offers programmes in various faculties. From a single law college to what it is today, it has only been under my mentor and guide Shri Sudhir Nanavati, President, GLS University, whose vision was to transform GLS into a private university so that we could cater to the needs of the students according to the demand today.

Initially, I joined as an international director so that we could collaborate with as many international universities as possible and make our pedagogy and infrastructure world class. Today GLS University has collaborated with Ivy League universities like Harvard, Luiss Business School, CBU, New Castle and the list goes on. GLS University is a favourite among students from all parts of the country. It is a big high when you play a huge role in making dreams come true. I am indeed blessed to have Nanavati Sir as my mentor and to be a part of this huge institution which has become a family to me."

Ms. Kapadia is a firm supporter of women and their causes. She says ***"I strongly believe that a nation can be empowered when the women of that nation have equal rights, equal say and pay as men."*** She believes that women have started holding key positions in organizations and that will steadily lead to empowering other women around us to dream and realize that there is no crime in putting yourself first.

She is associated as National Council President of WICCI & Director of Rotary Club of Visionaries of Mumbai where she works for the welfare of women, their businesses and the welfare of children. Ms. Kapadia is also an ardent lover of animals and is an advocate of preventing of street dogs against animal cruelty and has worked with various NGOs towards it.

Chandni has always spoken her mind and worked towards her dreams relentlessly. She adds that the world has become much smaller than it used to be because of social networking which has made us come closer and distant at the same time. Hence it is very easy for youth of today to loose focus. It is important to them to channelize their energy and time towards fruitful actions and finally she signs off with a message to the Gen Z, ***"Imagination is your only Limitation, as life is so subtle that you barely notice yourself walking through the doors you once prayed would open."***

## ***Sakshi Bhandari***

Ms. Sakshi Bhandari is a multi-talented young woman, aspiring entrepreneur hailing from Hubli, Karnataka. She is a Software Developer by profession, a passionate Health and Wellness Advisor, Motivational Speaker, Social Activist, and also the Marketing Lead at Camel Umbrellas. Since childhood, she has been this little girl who was always stubborn towards achieving her goals and making her dreams come true come what may. She has always been a top performer in school and college along with having a keen interest in sports, especially football, basketball. Her enthusiasm and willingness to help her fellow students and juniors to achieve their goals academically turned her into a Motivational Speaker. Besides being a student placement coordinator at her college,

she also conducted sessions and workshops to help students make their dreams of getting placed come true. She has also worked as a Social Activist and put in immense efforts to bring out a change in the women of remote rural areas and villages by spreading awareness and educating them on various technologies they can leverage to create self-employment. Even after graduating with an Engineering degree and working for a reputed MNC like Infosys, at heart, she felt she missed out on something. This is when her entrepreneurial journey began. She started leading the marketing unit at Camel Umbrellas - a brand known for its quality and trust.

### **ABOUT CAMEL UMBRELLAS**

Camel is an umbrella brand owned by Bhandari Umbrella Factory, established in the year 1963 and located at Hubli, Karnataka. Camel is mainly known for the manufacturing and production of wide varieties of umbrellas some of them being straight umbrellas, foldable umbrellas, classic umbrellas, child umbrellas, etc incorporating several designs, patterns, and colours. Customer satisfaction being the utmost priority and keeping in mind the ever-growing technology, all the umbrellas at Camel are designed to be waterproof, wind-resistant, adaptable to both indoors and outdoors, travel friendly, and convenient to use. Along with umbrellas, Camel has also expanded its business into other products like rainwear and bags. Over the years Camel has exported these products to various states in India and other parts of the world and gained the trust of millions of loyal customers. Camel has also been recognized as one of the top umbrella brands by the Government of India.

### **VISION AND MISSION OF CAMEL UMBRELLAS**

Vision - To be a Premier Umbrella Brand.

Mission - Imbibe innovation, technology, and changing trends to cater to customers' needs and produce top-quality umbrellas.

### **A MESSAGE FROM CAMEL TEAM**

*“Converting a small idea into an innovative business solution, a dream into reality is never so easy. Only through persistent efforts, dedication, and continuous hard work over a while, one can make a remarkable difference in the business world. Camel, as a brand has evolved over the years through changing technologies, quickly adapting itself to the customers' needs and never compromising on the quality and services offered, thus gaining the trust of millions across the world. A small message and inspiration from Camel to all the aspiring entrepreneurs - Never give up on your dreams. Start small, study the market trends, know your customer's needs, choose the products, build a brand, keep up the consistency, set milestones, and one day you can make it big!”*

He has found nothing more satisfying than meeting new people, developing new relationships, solve problems and contributing to the overall growth of the organization.

## ***Kritika Arora***

Kritika Arora Khanna was the founder of Hochads Pvt Ltd ad-network, offering a suite of online marketing solutions established in 2015 and now she is General Manager in Silverpush, a leading mobile ad tech company established in India.

An entrepreneur, a wife, a sister, a daughter, and a mom-Kritika Khanna juggles multiple roles in her daily life. Breaking the societal norms and stereotypes of a working mom, Kritika's utmost dedication and passion towards achieving big things have led her to the place where she is today. As seamless as her journey may sound, it isn't a cakewalk. Every day there are some unannounced challenges that she has to face.

In the year 2008, she completed her MBA in operations from the Amity University Noida, India. She has vast experience in digital marketing and is exceptionally skilled in operations management before starting this venture in an industry where results are often considered the benchmark of success.

As a budding entrepreneur, she also co-founded Eleve Media Pvt Ltd, an influencer marketing agency running its 9th successful year. After stabilizing eleve's platforms, she focused on creating an ad network specifically to be independent so that the clients do not have to face the conflict of interests.

she has always been very effective at influencing her co-workers to work productively. She is always open to challenges & conversations with an exemplary academic record & the passion to progress.

being a mother of two little kids and having a business to run is not an easy job. To achieve work life balance was way too hard. From managing clients to looking after her kid's schoolwork, she ensures that her time is equally divided among it all. Travelling, meetings, and looking after kids can be too taxing sometimes, but as people say, with great powers comes great responsibility, and she is giving the best shot to make it all work. . At a few times she was worried about the business meetings, to close important deals, to accelerate the growth & then at the same time she was equally worried to impart discipline & knowledge to her kids, to give them proper nutrition and to spend quality time with kids. It was way too difficult for a mother & that's how a **MOMPREENEUR** in her was born.

## *Vinny Ritu Aggarwal*

My mom always said no one can tell you what you need to do, its your job to find out your true strength and the magic within you. At the age of 17 a girl started her journey with her sister and mother and zero penny in their pockets, that girl was so clueless changing jobs, fields and gaining more and more experience and became the YOUNGEST BUSINESS COACH OF INDIA, featured in ani, business standards, New York wall street, California times and many more taking a step forward to guide millions of people in overcoming their fear and empowering their personalities to the fullest potential. From providing expert consultancy to transforming millions of lives globally, making a revolution in the life and business coaching industry.

expert Vinny Ritu Agarwal has collaborated with many companies including LIC, Choyal Pvt Ltd., Law firms, Arise Solutions, and many more. The energetic personality launched the organization with the support of my Mother (Ritu), sister, brother, and business partner Akash in the year 2019 with the aim to bring revolutionary changes in the lives of people. By the end of 2022, the firm aims to expand its business overseas.

Vinny Ritu Agarwal, youngest life and business coach is helping people to discover their real selves with her dynamic and enlightening sessions. Having a passion to bring a difference in people's lives, entrepreneur Vinny Ritu Agarwal exclaimed, "My idea was always to set a free culture but with a taste of the beautiful tradition, we follow. Life is not just about struggling or living in the past or future, life is about being in each and every moment and embracing its presence to the fullest. Falling down and then getting back again full of energy and enthusiasm is what makes the individual an influential personality. She further says, "The dynamic young minds have the power to take our world to the next level, all they need is the true blend of proper skills and passionate zeal".

The firm Infinite is about polishing the personality of every individual, bringing the innovation of ideas into reality, eliminating hurdles, and elevating success through confidence, consistency, credibility, and courage. Vinny is focusing on making individuals perceptive of their hiding talent and strengths through self-awareness programs, business programs, and specialized training. The life coaching venture, she allows communication rather than helping develop monotonous personas. From playing a huge role in motivating each individual and corporation to accomplish their dreams to understanding the uniqueness of each person. The firm is doing remarkably well.

Vinny Ritu Agarwal is changing the dynamics of success with her revolutionary thinking. The entrepreneur is propelling people to think beyond failures. Vinny Ritu Agarwal has entered into the venture with the vision to gain the love and respect of people and help them out in understanding life to the fullest.

## *Dr. Manpreet Singh*

Dr Manpreet Singh is a Dentist turned " Enterprenuer" cum Tutor and Chief Mentor at Education Tree Academy {ETA}. He is the brainchild and originator of Education Tree Academy which was established in 2016 located in Patiala, Punjab. He is also the managing director of Law Brella dealing with PTE, IELTS and Visa Services, Its corporate office is loacted in Sydney and its main branch in India is also located in Patiala,Punjab.

AN Alumnus of Indias premier Dental college, Guru Nanak Dev Dental college ( GNDDC) Sunam, Dr Manpreet Singh has immensely contributed in the field of health services especially Dental and during covid times. Moreover Doctors serving in any field works unceasingly to annihilate themselves .

As a child, Dr Manpreet Singh always wanted to be a Doctor and with his untired and relentless efforts, he cracked PMT in 2007 and got admission into Bachelor of Dentist Surgery( BDS) where he advised patients to take care of their oral hygiene, for which he was awarded by the college adminstration.

With due course of time, he observed that Adminstration is essential for helping the needy and downtrodden. So,After completing his BDS, He started preparing for prestigious civil Services examination and appeared for Personality development twice but couldnt entered into the final list. As said by Fidel castro Man do not shape Destiny, Destiny produces the man for the hour.The Genesis of Education Tree Academy lie in the words of Fidel Castro.

You will be surprised to know that the name of the institute that is EDUCATION TREE ACDEMY is decided by the students in the locality.The question arises in your mind that how institute name can be decided by the students .

Let me clarify you, I joined some local Institute for teaching purpose so that by some earning i can continue with my civil services prepration.So i was a type of " Doctor turned Accidental Teacher".

Students of that particular institute were impressed by my style of teaching and vigour and zeal towards them.After working for 5 months in that institute , They fired me because of my Increasing popularity. So i went back to the basics and restarted my journey again for civil services examination.After few days Students of that particular Institute came to my home and said you have to teach us at any cost . Students collectively by making whats app group suggested rather ordered me to open institute in the name of EDUCATION TREE ACADEMY {ETA} in 2016 to which i obliged by seeing their passion and love towards me

As we say , Destiny has two ways of crushing us – by refusing our wishes and by fulfilling them . On one hand, Destiny refused civil services for me, but on the other hand through me as an mentor in EDUCATION TREE ACADEMY provided me with the vigour and strength to produce top notch bureaucrats in the country , which we are delivering from 2016 onwards.

Moreover, Success is dependent on effort and EDUCATION TREE ACADEMY is working with future aspirants day and night out to make their dreams come true. We have been lucky by working with so many hard working and talented students in the past that in the past 5 years , EDUCATION TREE ACADEMY have been able to produce more than 100 + Results.

As rightly suggested by Malala Yousafzai, There sshould be a global struggle against Poverty and Illiteracy , let us pick our books and pens .They are our most powerful weapons . Education Tree Acadrmy also admires her thought process and even helping downtrodden and weaker section from marginalised sectiions by giving them fees exemptions so that they can achieve their aims .Our motto is not only to help aspirants in achieving their dreams but rather making them compassionate and empathic personalities as Education is not prepration for life ;Education is life itself On that note we would like to thank Global Empire Events Especially Udaiveer Bindra for getting recognised as the BEST IAS/PCS Institute of the year Award.

## *Dr Shaiil Gupta*

Dr. Shaiil Gupta, a board certified dermatologist and hair transplant surgeon, is the founder and managing director of Satya Skin and Hair Transplant Clinic, Delhi. He started pursuing his passion in the field of hair restoration in the year 2000, after finishing his graduation from the University College of Medical Sciences (UCMS), Delhi. He then went on to pursue his post graduation in the field of dermatology from the famous Maulana Azad Medical College (MAMC), Delhi. While working in these premium organizations, he not only acquired a vast clinical knowledge but also developed qualities like compassion, empathy, honesty and hardwork.

Dr. Shaiil is a member of various Indian & International organizations like American Academy of Aesthetic Medicine, Association of Italian Medical Implantologists (AIMA,Italy), Indian Association of Dermatologists, Venereologists & Leprologists (IADVL), Cosmetic Dermatology Society of India, Association of Cutaneous Surgeons of India (ACSI) etc.

Dr. Shaiil has had a world class exposure of different medical and surgical advancements in the field of hair transplantation across the globe as in Dubai, Italy, Thailand & Korea, to name a few. Dr. Gupta, to his credit, has done over 20,000 hair transplant surgeries and more than 1000 repair surgeries that include FUT, FUE, Body Hair Transplant, Synthetic Hair Transplant. He is among those few surgeons in the world, who have mastered the use of all the varied techniques of hair transplant. He aims to widen the dimensions of facial aesthetics and set new standards in India, thereby giving a new meaning to the word "Beauty", wherein he works towards making his patients beautiful both inside out.

Apart from the tons of academic accolades to his name. Dr. Shaiil Gupta is also a subconscious healer and very firmly believes in awakening the power of subconscious minds of people around him. This enables him to motivate his patients, especially the victims of bad hair transplant. He believes in taking his patients through a soulful journey from "self denial" to "self acceptance" and finally helps them reach the stage of "self love". Dr. Shaiil has a multi dimensional personality. Besides being a skilful surgeon, he is also a musician, writer, singer, and composer. This gives an artistic edge to his hair transplantation work as compared to his contemporaries.

Dr. Shaiil Gupta, through his academic and surgical skills and various humanitarian virtues, believes in not just merely treating the disease but also healing his patients by improving their self confidence and thereby uplifting their overall mental & physical health.

"Love yourself" is the motto, he firmly believes in and "Satya - Be true to yourself" is the principle he lives by

## *Poonam Yadav*

Poonam Yadav is born in Uttar Pradesh in a very dense background area Khalilabad. She is an engineering graduate from Punjab Technical University in Computer Science and Engineering background a 2k16 passed out with innovative ideas and skills.

Poonam Yadav is a lady entrepreneur who stood up with self motivation and self believe and hope to serve the world with her matured innovative thoughts in the information technology industry as she understood that the world is crazy about the IT field where every human being is mostly connected to the IT industry now a days

No sooner she came up on self motivation she started GENUS TECH SOLUTIONS in the early 2020 and started serving everyone who is in requirement of IT electronic devices , Hardware, Software Licensing and support system too.

Poonam and her team have an energetic rapport in between each other to support and help out everyone who ever knocking her door for support, she is a single player who can encourage, support, develop and improve skills in the opposite person.

Main motto of GENUS TECH SOLUTIONS is " service is our first priority ". She is mostly looking forward to enrich the talent, mind vision and growth in the society of women who are willing to stand on their own and who are looking for opportunities in now a days life.

Her second motto is " women empowerment and self skill ".

GENUS TECH SOLUTIONS gives support to all IT solutions and fulfills the requirements of the individual.

## *Dilip Modi*

Lion Deelip Modi is a famous entrepreneur and renowned social worker. Deelip Modi has created his own distinct identity in industrial and social sector in the city of Nanded. Apart from being a member of the oldest Club, Lions Club Of Nanded, he also mentors the Nandigram Lions Eye Hospital. He has proven his leadership skills while working in various positions of Lions Club. He has been unanimously elected as the district governor this year at the April 2021 Convention of District 3234 H2.

Lion Deelip Modi is known for his professionalism. He founded the cement business at a very young age, and today he is known as the king of the cement industry in the

Nanded area. Along with commercial success, he also participated in social work. In 1995 he accepted membership of the Lions Club of Nanded and for the next two decades he participated as a member in various activities.

In 2015, he served as Club President. During his tenure, he undertook new social projects and completed them. The most important event of his presidency was the MahaExpo held in Nanded. Deelip Modi is fully responsible for organizing this event. He was honored with the International Presidential Leadership Medal for his outstanding contribution as a President. His organizational success graph continued to grow due to his leadership skills. He was designated as Zone Chairperson in 2016-17, Region Chairperson in 2017-18, District GST Coordinator in 2018-19. As GST coordinator he was pioneer implementing One District One Day One Activity Every Month, that responded very well and now is the tradition of 3234 H2. Finally became the unanimous choice as Vice District Governor II at Indore 2019 Convention of District 3234 H2. His remarkable work was also recognized internationally. He has been honored with various awards, including the International President's Medal. Includes three International Leadership Medals as well as several other awards.

Lion Deelip Modi, who started as a cement businessman, has also made a name for himself as an agriculturist and builder. He accepted the leadership of various social, professional, educational and religious organizations. He served as the founder president of the Nanded District Cement Dealers Association. In addition, the founder president of the Khatu Naresh Sri Shyam Temple Trust, Nanded, Maharaja Shri. President of Agrasen Education Society. He served as the Vice President of Traders and Industries Association, President of Agarwal Samaj, President of Sanskar Valley International School, Vice President of Nandigram Lions Trust (Lions Eye Hospital), Lions Speech and Hearing Center, Lions Sanitary Manufacturing Unit. He is a trustee of Agrasen Bhavan and a member of Rajasthan Education Society, Vyapari Mahasangh and Rayat Hospital. Lion Deelip Modi has also received great support from his family while working on both the fronts of successful businessman and social activists. Deelipji's wife Sarla has stood behind him in every task. So kids Tejas and Mayur are following in their fathers footsteps and doing social work through the Lions Club. He is blessed with grandchildren that all form a happy united family.

His vision is that to make a local news paper **Pratah awaj** a big brand in print media as well as digital platform.

## *Jahaan Khurana*

Jahaan Khurana, a B.Com Graduate from Delhi University having roots in Delhi Itself, have always been passionate about the food and beverage industry. My passion wasn't like sudden temporary obsession like every other child gets obsessed with the mystery of the Bermuda triangle once in life, it didn't flow away in a few days, rather it stayed rooted in me. It still is. I started working on my ardour for this industry at an early age with keeping uniqueness in my mind as the major component I wanted my business ideas to have! I have always made all my ideas be embraced by uniqueness and zealous energy! I thrive on the thought of being different from others.

In 2007, I started wandering, after visiting China to understand how Chinese markets works, I decided to go to South Africa in 2008 for some further exposure in the business world, since I had transit in the Delhi-Johannesburg flight at Doha and got introduced to the local food there like Majboos and Shawarmas. I was elated and got entranced by the popularity of it there, then I thought of taking it to India and that's how "Roti Aur Boti" was born, which later became a restaurant chain in North India.

Launched in 2009, failed at the first outlet, I opened a few more in the upcoming years, Standing tall with 10+ Outlets by 2013.

Writing the success story of Roti Aur Boti by making it a franchise and distribution model by 2015 was one of the highlights of the restaurant.

In 2016, I got approached by Home Ministry to volunteer and got a chance to become a member of Raj Bhasha Vibhag under the Home Ministry for 3 years term.

In late 2016, I along with a few partners launched a much-awaited concept for Delhi and named it "Six Pack Momos". SPM was unique because the momos were made via machine, 10,000 momos in an hour and serving 250+ varieties. It got launched by a young kid suffering from Progeria ( A rare disease), who later on became the brand ambassador. SPM got wings and was at almost every point of the Delhi market. In 2017, the company and the concept were sold to a foreign investor and I took an early exit.

With the craving for finding something unique, I started travelling the country and the world, after some travels of a year and understanding some fresh concepts and the market, "The Rolling Plate" was launched.

TRP got launched on 15 August 2019 and it is a unique concept as it's based on Cloud Kitchen Model, Cloud kitchen is an online delivery Kitchen that can deliver food to customers on a real-time basis.

To add feathers to the concept, we launched the B2B model of Franchise, where anyone can pick the franchise of this cloud kitchen starting from 2.9 Lakh rupees. The model got popular in no time and got bombarded with investors and orders. Some of the famous brands under TRP are Ballu Bawarchi, Bhukha Sher, Rozi Roti, Oye chotu, Shanghai chillie's etc. At the time of the writing this, the Company stands at the valuation of 1 Million Dollars\* with a total of 200+ Outlets and a total of 100 Employees in the company.

The journey will continue, so will the hard work!

As Robert frost says:

"The woods are lovely, dark and deep,

But I have promises to keep,

And miles to go before I sleep,

And miles to go before I sleep."

## *Kishor Kumar Dash*

### **INTRODUCTION:**

Mr. Kishor Kumar Dash is currently working as a faculty in Balimela College of Science & Technology, affiliated to Berhampur University in Malkangiri district of Odisha. # *Ningombam Chandraleikha Devi*

## **INTRODUCTION**

I passed my class X exam in 1995 and right from this year I started mentoring my juniors and I was a topper in school. I settled down after class XII before the completion of degree course. There were many chaoses in my family at that time. There were tauntings regarding early marriage. I managed to pursue further studies amidst the management of my family. Soon after my marriage I became a mother of a daughter. My mother-in-law was bedridden and half-paralyzed. Amidst all challenges, I could pursue degree course in physics honors. It was successful with the full support of my husband. I got tutoring students at home teaching diversified subjects. So, I could live the life of an educator, a learner, family manager, a house wife and a mother as well. I was expecting a baby in the last exam of my graduate course and I met with an accident on the return journey after my last exam paper. Fortunately I was safe with my child. Two days later, I gave birth to my second daughter. That time of my life too was under humiliations under gender biasing. My second daughter

was not welcoming to my in-laws. I have a great passion to be a great teacher. This passion of mine helped me to go higher. I didn't give up. I continued my master's course at Manipur University.

## **CHALLENGES FACED**

It was at that juncture that I struggled the most. Early morning till late night was my daily tight schedule which was non-stop. My University was at around 10 km from home. So, I used to run and run every day, always in a hurry. My own mother helped me staying at my house, looking after my kids during my college timing. The home tutoring also helps me in improving myself. I was the only woman student in my department. Several tauntings came even from my teacher. I really didn't mind at all because physics is not an easy subject. By burning the mid-night oil and also with the support of my husband, I was a Topper in Quantum Mechanics and also a 4<sup>th</sup> position holder in Manipur University. After my Post-Graduate, the principal of my high school opened a big door to me to teach in the school. All my kids are brought up here. It is in fact one of the best schools in the state. I was really drilled in this school teaching diversified subjects for 5 years. From 2012, I have been serving as a government teacher. I have a keen interest in the upliftment of the school and also in the fostering of the school. I am a mother of 4 kids now.

## **PROFESSIONAL JOURNEY**

My journey continues, in fact it takes a right angle turn. I'm currently doing master's degree in education as it provides me immense knowledge and ways to new innovations. I've cleared NET in education in my first attempt. Regarding my professional journey I'm a B.Ed., M.Ed., D.El.Ed, an innovator and have more than 13 years of teaching experience. I taught physics for class 6, 7, 8 in video or e-learning content taken up by the Samagra Shiksha Manipur. I have guided and mentored more than 20 science projects which won the national level too. I got trained in various perspectives such as Vleap training, DIKSHA etc. I have published many articles in local news-paper and I could publish an article recently on the topic "Women education and marriage" in national paper. Two of my videos were selected for e-exhibition by the ZIIIEI team (Zero Investment for Education Initiatives) under Shri Aurobindo Society. One video was on an innovative idea of developing love for science and the second video was a TLM (Teaching – Learning material) called "putting on some-one's shoes".

## **ACHIEVEMENTS**

I got the opportunity to guide our school student in Rashtriya Avishkar Abhiyan (RAA) in the third week of October in the topic "Water auditing and calculations of Carbon foot prints" to observe the birth anniversary of late Dr. Abdul Kalam. I guided a student in nominating for Inspire Award Manak run by the department of Science and Technology, government of India under the topic "Homemade Purifier". Furthermore I got the chance to participate with students in "Eat Right Creativity Challenge" organized by FSSAI (Food Safety and Standard Authority of India) for healthy and good food habits. A communication material was also designed which falls under designing "Polymath" meaning a person of multi-disciplinary quality. Students are engaged in various fields. Concept mapping, theme based learning, sheet game, wrong cart methods etc. are being used in my teaching making them enjoyable, easy and help them in experiential leaning. To make the study of Trigonometry easy to grasp, a working model of Trigonometry was made and I guided a student in science exhibition in which we could achieve participation award. It makes the study of Trigonometry easier.

## **CONCLUSION**

I have completed training in several module such as pedagogy of science, pedagogy of maths, integration if ICT in teaching, learning and Health and wealth being in schools etc. I have conducted work outs or aerobic exercises on Saturdays in school as it was no school bag day declared by the government of Manipur. This really helped in increasing enrollment of students. It makes the students learn the aesthetic values. Recently I got rewards in different categories such as Global Role Model Award given by MVLA trust, Best School Teacher Award by Institute of Scholars, among the top 100 women figures given by Indian Prime Icon Award 2021. I got ITA award (Teacher Innovation Award) by MHRD at ITT Delhi, 2020. All my kids are bright in studies by God's grace. My second daughter stood position in class X and my first daughter in graduate degree exam. My achievements are because of my passion to be an ideal teacher. Right from the very beginning of my career as a teacher, I have been sharpening my mind moulding and transforming myself towards the betterment of education or service to the society.

## Saheb

**Sorren Kierkegard** very rightly said, 'Life can only be understood **backwards**; but it must be lived forwards.' Something rare, unusual and intriguing, that is what Curio means. We come forward to you with our firm Curio . The sigma stands for sustainability which is the key deliverable for us. We are striving to bring down the levels of carbon emissions and integrate ourselves into the environment through sustainable materials and data-driven smart designing.

Curio , is a sustainable construction and real estate enhancement firm. Let's break it down further, E&C industry contributes to approximately 39% of global carbon emissions and these buildings consume almost 40% of global energy. Since the housing demand is expected to increase by 70% in the next decade, these toxic percentages will increase with time. Curio's sustainable Construction involves using some innovative and eco-friendly building materials to like, Rammed earth, shipping containers, Bamboo, Timber and much more, to build infrastructure that not only helps save the very environment we live in but also helps us in deriving advantages that brick and mortar alone cannot provide. The building is designed in a way that they act as air purifiers and cut down on the energy consumption. We have witnessed a considerable demand for the same in farmhouse and hospitality sector, especially in destinations where people are willing to have a second/vacation home.

One may wonder what the real estate enhancement firm is all about. Turning, underperforming or dormant hospitality assets into star performers is very much in our ball park. Our team consults on various aspects including asset management, revenue management, executive search, investment advisory, design and development, experience curation, operations management, etc. Each solution is a tailor fit as per the market, brand name and most importantly the design are curated keeping in mind data and not just what the owner would love to see. Following the same, our data team specifically conducts research on the area to understand the economic and social environment while looking for opportunities in the said space.

The very aspect Curio Sigma is super proud of is its team. It includes architects, interior designers, hoteliers and travel professionals, chefs, data analyst and consultants. If nothing changes, NOTHING changes. We are beyond the idea of consultation and construction. At Curio we strongly believe in curating engaging & unique experiences. An innovation driven corporate set-up that sets a thin line between contemporary & Curio style of conducting business. From hospitality and residential to commercial projects, you have a total Curio cover.

Some super exciting areas our team is actively conducting the R&D include AR & VR experiences for the client even before the designs are implemented, 3D printing and an AI & ML based fintech platform that allows even a lower middle-class person to invest in big real estate projects and earn. Team Curio is thankful to Global Business Icons and Bizznation TV for this wonderful opportunity. We the start-up's and entrepreneurs are more likely to help India touch 5 trillion dollar economy. In power we believe because you have to be odd to be number one.

## *Prashant Kadam*

Mr. Prashant Kadam is Mumbai born factory management professional, who started his journey from a middle-class family and managed to reach at a leadership level very early on in his career. Being excellent in communications, well organized and proactive in his attitude, Prashant had all qualities of being a leader since childhood. He defines himself to be non-judgemental and has a positive outlook towards every situation.

Prashant holds a Master's degree in Organic Chemistry along with a management degree. He is currently pursuing his PhD in management, is a lead ISO auditor and has 19 years of qualitative industrial experience in Factory Management, which also includes 2 years tenure in UAE within resource management. He has been a recipient of several awards which include Best Safety Award, Best Employee of the Year Award, Young Leader, ISO Leader of the Year Award. He has been a champion in sports like Kabaddi, being National Kabaddi Qualifier and Carrom, in which he has quite a few trophies at local levels.

When it comes to extra-curricular, Prashant is an amazing singer having qualified till 4th round in Indian Idol 2012 at Kandivali Thakur College, organized by SONY TV Entertainment. He has also organized several karaoke shows at Local Police Stations and ashrams in Taloja and Panvel on the occasion of Diwali Pahat.

Prashant is the founder of NGO, Swarajya Sanskrutik Seva Mandal (Reg Raigad Kalamboli Panvel Maharashtra). He carries out a plethora of social work activities which includes career guidance and counselling at schools, colleges and institutions for 12th, graduate and post-graduate students. He arranges job openings, guides prospective job candidates (fresher) and helps them prepare for interviews. He has organized various camps like Pan card, aadhar card, voting card, 500 free registration to passport holders, medical health check-up, eye- testing and blood donation camps at various villages since 12 years.

One of his remarkable contributions towards the society during the Maharashtra floods in Kolhapur, Sangli and Satara in 2019 where his team and he had personally visited and distributed more than 150 kits which included food kits, clothes and medical kits. The team also distributed more than 250 dry grocery kits, medical kits and clothes to affected families in Chiplun during the August 2021 floods.

His contributions during the COVID-19 pandemic were quite commendable when he had personally visited villages and distributed 400 bottles of Arsenic album (120 pills per bottle) to boost the immunity, and also distributed 400 of 3ply masks. He was awarded as COVID-19 Yoddha by Raje Pratishtan Panvel and Swayambhu Sansthan Panvel Raigad Maharashtra for his contributions during the pandemic.

Prashant also fights against the government bodies on various issues like road conditions, street light provisions, gardens, speed breaker management, CCTV requirements, proper drainage system, open garbage issues and their management to name a few.

The youth today that spends a lot of time scrolling through social media could take their inspiration from icons like Prashant and shape a path for themselves. Prashant's dedication towards his professional growth as well as his devotion towards contributing to the society is quite unmatched and we already foresee him as a future leader achieving great successes as a social worker at a global level through his efforts in every sector of the society. The Global Business Icon team wishes him best for his future endeavours.

## *Dr. Babit Kumar*

Dr. Babit Kumar is a renowned name in medical field. He has an experience of more than 15 years in this field. He has completed his post-graduate in MD - Radio Diagnosis/ Radiology from Vikram University, Madhya Pradesh in 2012. He is a Member of Indian Radiological and Imaging Association & ISUOG. Before starting Motherland Hospital he worked in many reputed institutions like Delhi State Cancer Institute, Ujjain Charitable Trust Hospital, Mahatma Gandhi Medical College & Hospital and Max Super Speciality Hospital.

In 2018, with a vision to deliver world class healthcare services by creating an Institution Committed to Caring, Dr. Babit had established the Motherland Hospital in Noida. It is the most trusted and advanced hospital for maternity care in Noida with World Class Infrastructure and Advanced Technology & Equipments. Within a very short span of time, it has created a benchmark in providing Holistic care and valuable experience to their patients.

Dr. Babit is indeed a great visionary and his productive contributions have pioneered in introducing luxurious delivery suites for the first time in Noida for women and children care. Motherland Hospital's homely environment proved to be the Best & Beautiful place to give birth to your Bundle of Joy. It is serving as a wholesome of Technology, Positive care, Compassion & Responsibility in providing its both Domestic and International patients a happy go lucky experience. Their services include Obstetrics & Gynecology, Cosmetic & Aesthetic Gynecology, Fertility & IVF, Pediatrics & Neonatology, Radiology & Fetal Medicine, General and Laparoscopic Surgery, Nutrition & Dietetics, Physiotherapy etc.

Dr. Babit believes strongly in the fact that quality healthcare should not be restricted to only certain sections of society that's why in Motherland Hospital, he has provided an advanced Level III Neonatal Intensive Care Unit of International standards with round the clock availability of Neonatologists and Pediatricians for Neonatal and Pediatric care at affordable costs.

Some of the key factors of Motherland Hospital through which Dr. Babit makes sure to meet the needs and expectations of every patient, by adopting a "patient first" approach, he guides his expert and trained professionals to follow the same. They pride themselves in being ethical and responsible in their thoughts and actions. They appreciate and encourage openness, honesty and accountability in every interaction with their patients, caregivers as well as co-workers.

Dr. Babit has maintained proper balance in both his personal and professional life. On one hand he is a great and loving father. On the other hand, he is a brilliant mentor and influencer for his Staff and Team. He always guides people to work with a full kick-start without stepping out foot down in terms of both personal and professional responsibilities. Everyone in his team respect him for his hard work and down to earth mannerism.

- ZIIIEI JAN 2021
- INTERNATIONAL WOMEN DAY 2021
- VIRTUAL DEEPOUTSAV 2020
- INNOVATIVE TEACHER OF THE YEAR- 2020
- DIWALI DIYA MAKING -2020
- NAVODAYA KRANTI (JUDGING STAR STUDENT YEAR 2021)

I believe that I strongly deserve this award because of the following -

- My work has been recognized at state level and national level from various reputed organizations.
- My extreme hard work for online teaching is much appreciated by Seniors, parents and society
- My innovative and creative teaching methods are made from lots of hard work which I am managing with my school , my family work and my reducing sleeping hours.
- I actively participate in various social work such as polio , education awareness, tree plantation etc.

**THIS AWARD WILL DEFINITELY GIVE ME MOTIVATION FOR THE SELFLESS HARD WORK WHICH I AM DOING FOR MY NATION.**

## *Tanmay Goyal*

**“Turning ideas into reality”**, Mr Tanmay has turned the idea on which he had been lingering for 6 years into reality. Providing affordable car washing service at the doorstep was turned into paper after the pandemic began to shape the car washing world. Triumb is not only about the effective and accessible car wash, but it's also about using waterless technology and being environmentally friendly. The idea of Triumb to make life easier for car owners is the key

behind the startup.

A coach and mentor to his team, Tanmay leads the team from the front. As a leader, he coordinates to make sure that the company walks on the right track and nurtures the values and services which the consumers desire and deserve. The company is a joint venture of four students from Manipal University who have brought life into a random thought and turned it into actuality.

Triumb uses waterless technology which is the first of its kind saving both water and cost involved. Triumb has recently launched its Android Application and one can choose among the available plans to get the services.

With the support and encouragement from family, friends and team, Triumb has started reaching milestones and it desires to continue the venture of reaching great heights.

## ***Iza R Gupta***

“ARTIST, FASHION DESIGNER

NATURE & ANIMAL LOVER, AND A FRIEND”

Ms. Iza R Gupta is a single mother, a self taught artist and a Fashion Designer by profession. She did her schooling from Bal Bharati Public School, New Delhi. During her tender age of two years old, she developed her love for painting, and made her first painting of Lord Shiva and Lord Krishna.

She soon started to get a lot of appreciation and recognition for painting, art and craft in her school and studies took a backseat for her.

As she grew, her love for painting grew stronger. Her grandmother paid an important role in her upbringing. She loved her, adored her, encouraged her.

She has won many Inter-School, National and International awards in the field of art and craft and painting. She has a total of 80-90 awards, including the BEST IN ART award of my school in grade 8, given by respected Sahib Singh Verma.

Inspite of seeing a lot of adversities on the personal front, she kept on excelling in the area of art.

It was during this time that her love for fashion was growing. In her 12th grade, after scoring an aggregate of 86 percent, she decided to choose Fashion as her career. She cleared the NIFT examination with an all India rank of 165. She took admission in NIFT Bangalore. Due to some very serious issues, she started to have some mental issues including depression. Her mental condition started to deteriorate. During that time she developed schizophrenia with bipolar 2. But her will to perform in my work never lessened. With the right medication and her hard work, she performed very well. It was decided to keep her in NIFT Delhi on merit basis. She got A+ in her 7th semester in her portfolio.

Also, she was also selected in the list of top 75 artists of India.

She attained her WOMEN'S WORLD INTERNATIONAL Diploma from Shehnaz Hussain.

Then soon after, along with working for a few NGOs for the animals including Sanjay Gandhi and Friendicoes, she worked with two prestigious designer labels of India that is Kavita Bhartia and Manish Arora.

Now she focuses on her fitness, both, mental and physical.

Aims at her target, that is work.

Raising her son well, morally, ethically, mentally.

Recently she has won three International awards in Painting and Design.

She is also listed among the top 100 women by Foxclues India Prime Awards, to which results are awaited.

She aims in life to help and empower as many people as possible. She feels if any suffering could be put to any use or purpose, its worth it. If she can make a difference to even one single life, its worth it. 35 years of her life were as dark as a dark hole. But we must remember, galaxies are made up of dark holes. Coal becomes a diamond only when it is able to sustain immense pressure, and it shines as bright as a star even in the dark. It somehow makes her feels happy, that her name Iza means a star. She would be humbly want to be a small initiative towards feminism and empowerment of people.

Never give up. Good days always come.

**THE END OF THE TUNNEL IS NOT AN ILLUSION, THE TUNNEL IS.**

## *Shiuli Majumder*

**Sisters Gallery** is a pleasant platform which is associated with such paintings that always try to create something new. Art is something that responds our real life and thoughts that we can not ignore rather we except that in different sences , different feeling up and pleasures . This art gallery always tries to create defferent extraordinary uncommon and exciting arts that will be greeted, praised and loved by the people

Keeping this view of the above we started our business and achieved unbelievable success . Orders were placed to us from all parts of India.Many papers, magazine wrote about us which is an endless inspiration to us .we were loved by all where we attended for exhibition. We covered a wide range of artworks

By attending exhibitions we received following certificate

"Ankan Shree,Ankan Manjari, Ankan Bivakar" awards from BANGIYA SANGEET PARISHAD ,twice the "international art contest" certificate from iNNOVIZE EVENTS,"certificate of appreciation" from INDIAN ART CONTEST at national level, "certificate of participation" from ARTVERSE MONSOON COLOUR FESTIVAL and a lot certificate like those certificate.

So we request all to please place order on this sisters gallery and give us opportunity to prove our ability.

Our Art and Culture group Tobu Ovimaan is organizing an International Art and Photography Exhibition from 31st October to 1st of November at THE STAINLESS GALLERY, NEW DELHI. We are organizing the exhibition with the soul objective of international brotherhood, an exchange of various social and cultural customs, beliefs and ideas. It will be a 'mela' of various forms of arts that are being practiced and followed by different sects of people all around the world. The participants as well as the visitors will thus get an opportunity to gain knowledge about these various varieties of ideas of art. Conducting and propagating this Exhibition will thus benefit and inspire all the practicing and upcoming artists.

Your presence is highly solicited to inspire all the national and international artists and visitors taking part in this event. Our group will be extremely grateful to you if you spare some portion of your valuable time and adorn this event as the respected chief guest.

## ***Dr Dhanraj***

LAWYER, EDUCATIONIST, WRITER  
SOCIAL STRATEGIST, ANALYST  
AMBASSADOR, RESEARCHER, SOCIAL ACTIVIST

***From searching for a candle to study, he has become the torchbearer for the entire community***

Where the new generation takes everything for granted, he recognized the importance of education at an early age. Though the road to success had several dead-ends, he was determined to pave through every roadblock. Let us find out more about how a little boy's dim life made him the sunlight for all.

Dr. Dhanraj, the Director General of NIED Educational Council, is working on a noble mission to provide free and quality education to every child of India, irrespective of their financial condition. However, his personal life was full of struggles. Undaunted by the limitation of the infrastructure and education facilities, he forged ahead with determination.

Belonging to the tribal community and living in slums, going to school was far-fetched. There was no school in the vicinity of the village, nor was the family financially stable to afford books and school fees. At an early age, his peers dropped out due to trouble travelling the long haul. However, Dr. Dhanraj was not ready to surrender. Undeterred by the lack of educational system in the village, he aspired to become beyond anybody's imagination. Despite several obstacles thrown his way, he overcame them. He labored in farms to arrange funds for his school. Today he is an educationist, social activist, lawyer, writer, analyst, social strategist, researcher, and ambassador.

He closely witnessed the struggles of slum life. Each day of their lives was a battle since they did not have the basic amenities, such as employment and education. He did not want to remain as a mere spectator to all this. When he turned 21 years old, he felt the need to contribute to the future of India. Thus, began his endeavor to develop infrastructure for education, and generate employment in every corner of the country. In 2012, he launched the NIED Education Council to impart vocational training to children. He employed qualified teachers and professionals to impart high-standard education. Today, there are over 658 NIED Education Council franchises nationwide providing vocational training on behalf of the government of India. NIED offers relevant job-oriented courses, including healthcare, computers, tailoring, agriculture, sports, painting, fire and safety, solar energy, industrial, and many more training programs to enable students to become financially self-dependent. NIED also takes the responsibility to provide financial assistance to economically weaker students. Upon completion of the course, students receive diplomas and certificates to empower them for employment. The organization is working towards lifting the social stigmas of the community and contributing to India's education policy. Through its meaningful approach, it offers franchises to educational centers, arranges workshops for the employees, conducts innovations and researches, and publishes materials.

***“I think that people who serve the society are always flowing with positive energies and opportunities. Watching people suffer compelled me to light the lamp in their lives.”***

**Says Dr. Dhanraj**

Dr. Dhanraj envisions a better future for every Indian by providing quality education for Bachelors, Masters, and Doctorate programs. Through his exemplary education programs, he aims to develop and create leaders in India.

He has received uncountable awards for his outstanding contribution in the education sector from various organizations. He has received recognition from the chief minister and deputy chief minister Government of Punjab, Gujarat, Rajasthan, MP, Maharashtra, UP, and Haryana. He has received appreciation from the Cabinet Ministers of India. He was honored with “The Scouting Rashtrapati Puraskar” by President APJ Kalam. He is a renowned poet and writer for which he has received National Level Appreciation Awards. Apart from that NIED has received every year for Education Excellence and more.

## *Amrit Sharma*

## ***Rohit Agrawal***

Mr. Rohit Agrawal is the Young entrepreneur who started his business of iron and steel trading in the year of 2018 by the name of SHREE RADHE MARKETING, the idea of starting his own business came up while he was in the final year of his graduation. Along with the business he studied MBA which helped him learn various things in regard to Finance and Marketing and that triggered his mind to think about new innovative market strategies to attract number of clients, and so slowly and gradually he started expanding his business geographically and currently working in more than 10 states in India.

Mr Rohit Agrawal completed his B.Com (Hons) degree from Amity University Raipur and MBA in Finance & Marketing from Kalinga University, he always wanted to do something which he loves and enjoy doing it and Finance was the only subject which he was more interested upon, also he enjoys working in a challenging situation and come out with the positive solutions.

Initially he use to deal only in finished products of iron and steel wires only in the state of Chhattisgarh after which in the year 2019 he entered into the raw materials market of iron and steel and also started to sell the materials to other states in India. Starting only with iron and steel wire products in 2018 today he supply raw material and finished products of all mild steel products.

With the aim and dream of getting into manufacturing and export business in 2021 he founded SHREE RADHEY STEEL & POWER PVT. LTD. This will soon enter into export business of mild steel.

## ***Ruhi Kochar***

“I am Ruhi, an enthusiastic entrepreneur from Chandigarh who loves pets and working on my dream initiative of working for animals”

'Tricity Kennels'

Tricity Kennels is a PetHostel offering a second home to the lovely pets and offering a wide range of services including Spa, vaccination, medical treatment, surgeries, post operative care & diet. We offer 24x7 emergency medical care and hostel stay. The differentiating factor is customized meal plan, comfortable & individual kennel for each one, report of daily activities,

training and video calling with pet parents. On top of all the services, I mentor the entire team and personally pay attention to the details. This has gathered a lot of appreciation

and positive feedback from our happy customers. We actively look into specific requirements of each to ensure that pets get a homely environment.

Our main objective is to provide optimal care to the pets with the best diagnostics and world class ICU. We have appointed a panel of multi specialist vets from all over the country.

“To heal and provide finest care to animals” is our motto.

### **OUR TEAM**

**Mentor and Chairman: Dr Jagdish Kochar (M.D, Senior Consultant)**

**Founder & CEO: Ruhi Kochar**

**CFO: Pankaj Kochar**

**A group of 12 specialized Vet Doctors and staff of 25 supportive personnel**

### **ABOUT MYSELF:**

Since childhood, I was fond of animals and the fondness increased manifold when I got married into a family of Veterinarians. There were so many animals around and I used to go the clinic and watch the things interestingly. This is when I decided that I want to do something special for these fur babies.

I started my profession at the age of 35 years, the delay was because I got married early and was blessed with motherhood at age of 20 years. I wanted to enjoy the journey of motherhood and wanted to be around both my kids: Ansh and Kashvi. I am glad to have my son join the journey as he pursues his VET medicine degree. During these years, I started spending time for an NGO. Surprisingly this is the age when most of the women quit their jobs but I am happy I started after fulfilling my responsibilities. I also completed Interior designing course and worked as an Interior Designer for 2 years.

I am actively working with an NGO for orphan girls “GurAsra” from past 10 years. We also started an NGO for society animals in 2009. We provide urgent medical aid to stray dogs, cats, cows and horses free of cost. The intention behind this is to ensure that they get timely medical help.

### **GRATITUDE**

Thanking Almighty God, I am blessed to get an opportunity of pursuing my dreams and working closely with these lovely creatures. This would not have been possible without assistance and guidance from my father-in-law: Dr Jagdish Kochar. The endless support and strong belief of my husband, Mr. Pankaj Kochar goes without saying.

Thank you my dear customers for believing in us.

**LOVE AND BEST WISHES TO ALL – RUHI KOCHAR**

## *Aniket Aggarwal*

Business is a fantastic thing to do in life, is what I have understood since my childhood days. Being from the business family, started getting the knowledge of it since my childhood days. And now as actually running a business, I understood certain things, those are necessary to carry a successful business:

**Positive attitude:** A business involves a lot of risks but the ups and downs in the business have to be accepted with open heart and positive attitude, there are frequent decisions to be taken, some go fantastically well whereas some may not go well. Still, we need to accept the result of each decision and take a learning experience from the same and move ahead.

**Patience:** A business doesn't grow over night. The entrepreneur is expected to be calm and give a good time to the business, which will allow the business to grow. The customer doesn't start flowing from the day one. If the consistent and right efforts are put in the business for at-least a period of 6 months to a year, only then it will grow with time. To harvest the sweet fruits of a tree, one need to cultivate, sow and manage the tree over the time.

**Good Purchase:** Every Business has different need and requirements, the entrepreneur is expected to have right guess of the demand and need to make the kind of purchase which not only fulfil customers demand but also fit in there budget. In the current scenario the as the offline businesses have direct competition from e commerce websites, it is of utmost necessity to have the right quality of purchases with the right prices, with the help of which good offers can be given to the customers with reasonable profits.

**Reasonable Profits:** Exploiting the customer by charging higher profits may give good turnover over short period of time. However, it requires more marketing and retaining the customer becomes a task. Higher margins may also lead to slow movement of the goods and as a result the dead stock may rise. On the contrary if reasonable profits in compatibility with industry standards are charged then customer footfall will increase and ultimately the overall profits for the business will surely rise over the period of time.

In last so many years that I have been carrying my business, as an entrepreneur I have gained the knowledge, even if it is the time of survival of the fittest, but now being the first in action is also necessary, as the times have changed and it's now **“SURVIVAL OF THE QUICKEST”**.

## *Saurabh Saxena*

PRESIDENT

RAJASTHAN HOUSING BUILDERS ASSOCIATION

Rajasthan Housing Builders Association (RHBA) welcome you all. - Our Agents know that real estate is more than a house structure : it's a community

## Dr. Kajal Patani

She Turned Her Passion Into A Profession, Dr. Kajal Patani Created An Opening For Her In The Health Industry

There is a saying that goes “passion can be struck at any age” and nothing sounds truer in the case of Dr. Kajal Parag Patani. What started as a method to let go of anxiety, to promote healthy physical activity, and to stimulate happiness, soon turned to be the way of life without which Dr. Kajal Parag Patani cannot exist.

Yoga was a medium, which she thought would

relieve her from building tension and anxiety, that would help her be healthy and lead a prosperous life, soon turned her passion and a way of living. Being adorned with the magic that yoga weaves through its technique, Dr. Kajal Parag Patani, along with completing her master's degree in economics, decided to add another master's degree in yoga as she thought it is the yoga that would take her far in life, it is the yoga where her true passion lies.

After completing her Master's in yoga, she decided to take the mantle and became an expert in yoga by opening an academy in 2007. Opening her own yoga academy at the age of 28 gave her the nudge she was looking for to establish herself as a person who wants to create a world free of pain and mental suffering. To establish a world ridden with anxiety, uncertainty, and to promote harmony through unified methods, she turned to harbor more knowledge.

So what did she do? She turned to education, she turned to the method to harness knowledge and experience, she turned to gain her Ph.D. degree in yoga. It helped her to gain the needed insight where she can solidify the world that she dreamt of.

How does her academy help society?

With a vision that promotes fitness with a bit of a positive outlook, Dr. Patani took the task to incorporate certain aspects so that she can help other people realize their dreams through hard work and dedication. Her academy helps people achieve their dream of staying fit by promoting positivity, promoting mental support.

Not only that but her academy seeks to provide ways to keep themselves mentally healthy by constructively performing yoga. Her knowledge and experience helped her hone her skill in the field of yoga, which she used to help those in need of it. Depending on which therapeutic method will suit the purpose of the client, she modifies the sessions.

“Nowadays everyone wants to be fit. So people like to join Yoga for Fitness, flexibility & to increase effort tolerance.”

Keeping in mind this particular aspect, she continued to charge ahead in her path with a clear view to create a foundation where one can get the peace they deserve.

“Also, many people come to get rid of their physical & mental problems”

The encouragement she received:

Choosing a unique field as yoga, one would need resources and support to stand tall. Dr. Patani was no different. She had the help and support of her husband, Dr. Patani who encouraged her to keep going ahead no matter what. With the help of her husband, she understood the opening of the situation to prosper in the field.

“Present situation about health Market & requirement of people with natural healing.”

Understanding the need that this requirement had created in the market, she took the advice from her husband and initiated the academy.

“My Husband who always gives support for my work & always encourage for the same.”

Taking her husband as her idol, she started hurdling all the obstacles that lay in her path to becoming the instructor/ doctor that she is now.

## Sir Niranjan Mahawar

### A TAXATION JOURNEY

It takes a lot of patience, dedication, and hard work to reach the top of one's profession and as hard to keep that position. Take, for instance, the Founder and CEO of TAXWAY GROUP OF COMPANIES, MR.NIRANJAN MAHAWAR, who has been in the business for more than fifteen years, and has accomplished a great place in taxation business.

He has been in this business from 2002. After few years of working in this sector, In 2007, Sir Niranjan Mahawar realized that the clients who are going to the taxation consultants are being charged different rates for their taxation services like ITR(income tax return), PAN card services, PIN NO.(known as GST now a days), Trade mark, Copyright etc., back then the taxation consultants were charging people for their services on their own terms or according to their client's knowledge about taxation, So in 2007, Mr. Niranjan Mahawar initiated a startup from his home town Ajmer, Rajasthan. Basically, this startup was commenced for spreading awareness about taxation and helping people who were having difficulties filing tax or having any other problems related to taxation. In this startup, what people have to do is just give a call to the customer care and ask for the services they want, then

the company will accordingly send an executive to your home to provide you their services.

This startup was created to provide taxation services at client's home, in which they will provide you proper documents, filing and give you reminders through SMS and call services. So this startup was proved to be very helpful to people who did not have proper knowledge about taxation, and were fair to all people as there were no fixed rates or MRP of their products, so because of that the company fixed the MRP's of their services, for example, rs500/- for filing ITR(income tax return), so people who may or may not be familiar with the process of taxation can get a fair price, it does not matter through which consultant in our company you are getting your services done, the consultants will only take a particular price from you as the company have decided a fixed rate for each and every services they are providing to their customers.

Mr. Niranjan's startup was very successful that it was a hit in 'B2C'(Business to Consumer). After running this startup successfully in the state Rajasthan he realized that other states also need these kind of taxation services in their places and in sometime they started getting calls from states like M.P., Mumbai, Delhi, for their services. So Mr. Niranjan thought of opening his company's franchise to provide their services to different states of the country, so that's how the taxway franchise came into the market and this was the first taxation franchise ever in India.

The taxway franchise business grew more with time and In 2013 Mr.Niranjan Mahawar became E.R.I.(e-return intermediary ) and got authorized by Indian government for providing their taxation services to people. The income tax department planned E.R.I. for their cooperate work like filing ITR, GST ,etc. After becoming the ERI he planned of expanding his work throughout the country on a big level, he made it possible and now the taxway company have their franchises in almost every state or city of the country.

After 2013, he never looked back and for spreading more awareness about taxation he started his e-taxway services and his own publications, Taxway times, as so many people read newspapers this will be very helpful for them to understand as we publish our newspapers in a very easy and understandable language Mr. Niranjan mahawar himself make very knowledgeable videos about taxation, business or their franchises to keep people updated.

According to today's time internet has taken over, and as we always try to keep up with the needs of people we have made our own websites or API software so you do not have to go to any income tax site, and you can easily approach our website and can do your taxation work like filing ITR, GST, etc. We made taxation so easy for people of this country so that they will not see any difficulties related to taxation work, by opening franchises in every states or cities or by making websites or in many other ways we provide them knowledge also, this has been proven good for the country too. So, this is all about Niranjan Mahawar's Journey of taxation, from the beginning to where he is now.

In recent times, taxway has more than 10,000 taxation franchises in the country. Any businessman or any person related to finance or other work sector can file their ITR or can have any other taxation related services like GST,PAN card, ITR, trade mark, copyright etc.,

Taxway provides employment to many people, even if someone have minimum education of secondary or senior secondary, they can give the services of taxation in their nearby areas or anywhere they would want to. Taxway executives themselves will provide them proper training and guiding about taxation and the services they provide or even if after that they have any difficulties about filing tax or anything the customer support will be there 24/7, and the person will build their image and will be known as taxation consultant.

So, all Mr.Niranjan wanted is to create a successful and the biggest taxation consultant company of India, and to provide people all the taxation services at their home or just one call away to make it easy for people to live their lives and let us do our work for them.

After all this when Mr.Niranjan have had many years of dealing with their clients and handling their daily work like their audits, sheets, etc, and observed everything regarding their businesses, he realized that so many GST have taken from the company but after sometime they were being cancelled or closed so then, he knew that everybody knows how to open a business but not everyone really knows to handle that business and so like other people who does not have proper knowledge about business, they were failing . So that is when Mr.Niranjan came up with the idea of opening a startup in which he will help people to understand their business from the roots, like for an example:- If i am opening an school or playschool, so what are the criteria would be, like dealing with parents, deciding their fees, taking the school's license, applying for it, how to do counseling, student's dress code, budget, books, etc.,

So he decided to open a startup called "JUSTSTARTUP" in which the company is already running 15 successful ventures and the target is to own upto 100 ventures in future that taxway group and juststartup will manage together to provide people the complete A to Z information to make their businesses successful in which they will provide clients the brands and co-brandings also.

The work Mr.Niranjan Mahawar is doing is actually acknowledgeable and helps people solving their problems in their business to a great extent, also providing employment to people. In a small time period he has done a lot of appreciable work and has grown to be the owner of the finest taxation company in India.

## Vivek Bhadra

### APURNAVIRAM: WEAVING STORIES TO REVIVE THE ETHICS OF MANKIND

Constructive filmmaking does more than entertain or fill seats at the cinema. The dynamic storylines have the power to transform society and influence the hearts and minds of people with their revolutionary content. In today's world, films serve as powerful tools that bring something extraordinary to the table in a captivating way that has the potential to spark a conversation and bring social transformations in society.

Apurnaviram, an impeccable film production house, is bringing a 180-degree turn in the filmmaking industry. Starting in 2016, under the leadership of renowned filmmaker Vivek Bhadra, the production house is focused on producing content that brings social changes and revives the ethical bases of society. With his industrious efforts and

knack for creativity, the artist has gained an immense fan base and is moving a step ahead with his influencing theatre shows and inspiring films. His professional journey through Apurnaviram is nothing less than motivational support to aspiring youngsters who want to make it big in the filmmaking realm.

Films inspire people to become their best version and inculcate habits that help them throughout their lifetime. The producer has always been fascinated with the idea of producing films that bring a social transformation in society and persuade people to think differently. Starting from zero funds, the production house has achieved a milestone of clocking a turnover of INR 1.5 Crore monthly. From Jamnagar to Mumbai, it has been a long journey which the movie maker has embarked on. The company's future plan is to grow the audiences on a larger scale and make the movie reach globally. Further, the artist is doing exemplary efforts to make the social media presence felt among the users of the small town. Till now the production house has released 150 shows all across the country and 55 more topics are being made ready for release.

Under the banner of Apurnaviram, films like 'Bread' and 'Metamorphosis' which were released on HotStar, and a film- 'Meri Pyari Rachna' have done a great job on the silver screen. Currently, Vivek and his dear friend and confidante, Raghav Diwan are together working on many projects for the OTT platforms like Sony Liv, Hotstar, Amazon, Jio cinemas, Voot, and many more. Apart from that, they have shot one film in the beautiful city of Kalimpong- 'Love in Kalimpong' that has been one of the most prized creations of the filmmakers and the production house combined. Vivek Bhadra with his innate talent of storytelling has produced a short film 'Ladies First' with his partner Jigar Gori that focused on the struggles of the women workforce in our country.

Touching the high skylines, Apurnaviram as a production house deals in all the aspects ranging from pre-production to post-production process. Mumbai is not the production's final destination as the moviemaker is further planning to launch a movie studio in Jamnagar that will produce films that have the power to move people and imbibe in them a feeling to reckon with.

Vivek Bhadra sharing his thoughts on his remarkable journey, says, "Apurnaviram always works on a finance-basis and I have never used my own financial income in running the production. I believe that if you take a loan then it motivates you to put extra efforts to take your empire to the next level and yield profit that serves you for the longer run. Being a Gujarati businessman, I have inherited the aptitude for business from my culture. Therefore, I am certain that with dedicated efforts and strong-willed nature nothing is there that you cannot accomplish. What you need is persistence and patience for the desired outcomes."

He further added, "I feel blessed to have a god's hand on my head who guides me each and every time. Doing something that you love and are good at makes your professional journey smoother and exceptional. Moreover, it feels special when you get paid for something that you are passionate about. Thus, I am a firm believer of the fact that a person should also make his career choice in accordance with his hobbies and interests."

Apurnaviram stands on the motto of 'working together' and bringing effective results that benefit society as a whole. The entertainment house does not nurture the idea of competing with others as it does not provide the individuals with the arena of exploring things and making their storyline creative and impressive. Working meticulously day and night, the artist is further determined to create a platform that helps the struggling actors to outshine the crowd and build their reputation in the entertainment industry. Apurnaviram Entertainment is imprinting its strong foothold in the movie industry with its remarkable socially-compelling content and a committed team force that is taking the industry to new heights by ruling the hearts of the audiences.

## Vivek Bhadra

### VIVEK BHADRA AWARDED WITH FILMMAKER AND THEATRE ARTIST AWARD IN 'GLOBAL BUSINESS ICONS 2021'

Theatre has been around for centuries and holds a great importance in the lives of actors and filmmakers allowing their creativity to flourish and most importantly enabling the development of their self expression. Being fully present among the group of tangible, living, and breathing people is the most crucial step to the art of acting and for the human spirit.

The theatre industry which is known for mirroring the past, present, and future and making our history come alive right before our eyes has also the power to mesmerize different souls with the unique storyline and the personal touch. Vivek Bhadra is one such exceptional filmmaker and theatre artist who is making strides in the world of storytelling with his unconventional ideas. Recently, the artist has also been

felicitated with young filmmaker and theatre artist award in 'Global Business Icons 2021' on 23rd December 2021 at Radisson Blu.

Sharing his impeccable journey of storytelling, the filmmaker says, "Theatre is a vehicle, a means for self-study, self-exploration, and a possibility of salvation. Any person who is looking forward to imprint their footmark in the artistic industry must start their journey as a theatre artist. If you have prior acting experience in the theatre industry before beginning to work in films, it will increase your abilities and assist you to manifest your presence as the best actor in the field. Koi waqt galat ya sahi nahi hota agar kiski chiz se farak padta h to vo h apki himmat aur lagan. Therefore, every individual must be ready to put their best foot forward to touch the high skylines."

Vivek Bhadra has cemented his legacy by pushing the boundaries of the classical methods and expanding the realm of possibilities played out on the stage. Hailing from the very small town of Jamnagar in Gujarat, Vivek, through his profound knowledge about the filmmaking and theatre industry has produced exceptional films like 'Bread' and 'Metamorphosis' which were released on HotStar and has created quite a buzz in the film Industry.

Under the banner of Apurnaviram, Vivek and his friend Raghav Diwan have also released a film- 'Meri Pyari Rachna' which has done a great job on the silver screen. Both the artists have been continually creating magic in the entertainment industry and have been diligently working on many projects for the OTT platforms like Sony Liv, Hotstar, Amazon, Jio cinemas, Voot, and many more.

The incredible storyteller and Theatre artist Vivek Bhadra says, "Theatre is something which inspires me to become the best version of myself. Since my teenage days, I have been passionate about producing stories that have the potential to inspire individuals and make a difference in their lives. Being a theatre artist myself, I agree to the fact that nothing comes close to watching a live performance. I am blessed that I got the opportunity to manifest my place in the hearts of people with the incredible story lines. Nothing gives me greater joy than bringing smiles on people's faces with out of the box stories. Life mei sabko opportunity milti hai bas matter ye karta h ki kon usse sahi time mei grab karta h. Nothing is impossible if you are willing to go the extra mile to accomplish your dreams and ambitions."

The artist has worked in 56 theatres till now and has stolen the spotlight for the same. With his production house 'Apurna Viram', the artist is producing movies that leave an impact in the society. One of the short films named 'Ladies First' he has directed the attention towards the struggles that women face while striving in the professional world. Apurnaviram as a production house deals in all the aspects of filmmaking process i.e from pre-production to post-production process. The filmmaker and theatre artist is looking forward to producing films and theatre shows in the near future that have the power to move people and imbibe in them a feeling to reckon with.

Theatre has proved to be an influential factor in the lives of people. With theatre people got the opportunity of exploring the unexplored or finding the hidden ability to express. Theatre also helps the artists and makes them more prepared to face any challenges in their careers or entrepreneurship journeys by shedding the inhibitions associated with performing in front of an audience. Having a knack in acting, Vivek Bhadra has always leaned towards theatre and today he is creating strides in the realm with his remarkable work. Looking at his career it is for sure that he is going to represent India outside and makes us proud with his acting. There is no doubt that in the coming years he is gonna make us proud with his work and we hope that he produces more great movies that will educate the masses.

## *Indranil Srimani*

Mr. Indranil Srimani is a Corporate Leader who turned into an Entrepreneur after spending 15 years in corporate. Currently he is the Owner/ Managing Director of a leading ISO certified company named **M/s Magnetite India Pvt Ltd**. Those are Facility/ Mall Management, Security Surveillance, Trading of DG and Innovative projects for the environment. In his 2 years of business carrier, he got big multinational clients. Presently he is a market leader in Facility Management Industry.

## *Zoheb Hossain*

I was born and brought up in Kolkata and has always been inclined towards entrepreneurship since a very young age. I am a silver medalist in "BHM" under West Bengal University Of Technology. Since childhood, I am enthusiastic and passionate about automobiles. I had an intense desire to serve society in every possible way for social development and upliftment. My father is a senior government employee, while my mother is a homemaker. While somewhere deep within, I had already instilled a goal to establish something of my own and also want my younger brother,

Mohammed Zaid Hossain to unite with me in the business in the upcoming 5 years. With this initiative, I joined as a full-time Secretary in Kidderpore Child's World School right

after completing PGDBA (First Class) in 2009. My mother started this school in 2006 as only a Kindergarten school; however, under my leadership it developed till Std X together with the total strength of more than 1000 students.

In 2013, I formed a trust, namely Kidderpore Minority Welfare and Educational Trust, for the betterment of the minority community of the locality. Though it was not easy, as nothing comes so easy, I had to work hard to make things better for the welfare of society. During lockdown in 2020 due to Covid-19 pandemic, Kidderpore Minority Welfare and Educational Trust have helped more than 500 households with food and medical support.

In 2017, I started his firm 'Bismillah Enterprise,' which deals in leather products. In two years in 2019, I had established another firm, 'Pinnacle Suppliers', that deals in office stationery supplies. I have always been creative in bringing up new ideas in business, and it is only because of my hard work I had successfully established two ventures in just two years. Not just in business, I had gone out of the way to make a mark by becoming West Bengal State Chairman of IHRCCC, New Delhi, in the year 2021.

Inspite of all these achievements, I love to spend my time with my beloved son, Mohammed Zoraiz Hossain and we often go to the long drives.

Entrepreneurial success does not come easy. A lot goes behind it, like hard work and sacrifices. I have also faced few challenges as I am the only founder of my ventures, and I spare no effort to make my business a booming one. My zeal and enthusiasm, along with my management skills gained over the years of experience, played a pivotal role in handling day-to-day operations in my business. Travelling to other cities to accomplish business commitments has been very challenging for me, especially during the Covid period. With my experience and valuable lessons learnt from the industry, I make exceptional efforts to provide the best experience to my customers and all stakeholders. I have earned more than 30 Awards and recognition for my contribution towards societal development.

## Daphne Soares

FOUNDER & CEO

CAROUSEL MOMS BUSINESS AND LEADERSHIP COACHING

### *Empowering Moms in Business & Leadership Roles*

Daphne Soares is a Business, Leadership, NLP and TimeLine Therapy Coach. She has been ranked #7 among the Top Business Coaches declared for 2022 by The NYC Journal and is also among the Top 10 Female Coaches in 2021 declared by Yahoo Finance. She is the Guinness World Records, OMG World Records, International Award Winning Author, Amazon Bestselling Author, and co-authored a number of books. She is also the Host on DDD - Dive

Deep with Daphne Podcast on Magnetic FM Radio. In 2010, she first learned about coaching when she hit a roadblock in her own life and was struggling to move past it. She was determined not to give up. The techniques she developed during this time were so successful that friends and family began asking for her help with their own challenges. As the years went by this motivated her to turn her passion into a full-time career. And that's how "Carousel Moms Business and Leadership Coaching" shaped up.

She has been empowering women globally especially moms through 1:1 personalised and group coaching to have a healthy mindset, overcome limiting beliefs and create healthy boundaries both at home and in the workplace. She conducts sessions both online and offline for the convenience of her clients. She coaches her clients in such a way that helps them utilise both their heads and their hearts, to find a right balance in their own carousels of life, create a thriving business without feeling overwhelmed, and build great rapport with their team and clients. Daphne takes pride in seeing the success of her clients.

She says, "My greatest joy is in seeing the success of others."

Daphne loves to continue her ongoing education and research. She is an amazingly versatile woman whose commendable work is an epitome for other women to look up to as an inspiration with vast experience. She is a Woman of great Empowerment. This successful entrepreneur dons multiple hats. Besides being a Business, Leadership, NLP and Time Line therapy Coach, Daphne is an international award winning author, speaker and mentor. She has gone from a career woman with a 9 - 5 job, to a homemaker, a Masters' Catechist, Counsellor, Hypnotherapist and Psychotherapist. She has been working as an internationally certified coaching professional who specialises in helping and empowering people to cope with their mind-set, business and leadership issues.

Daphne holds a series of certifications with Distinction from Dayton University Ohio, USA and UAE in Catechesis, Special Needs, Relational and Youth ministry, Pastoral Approach to Culture, Disabilities, Deaf Faith Formation, Autism, ADHD, Creative Methodologies and Practical Morality and Human Development. She is a Post Diploma holder in Counselling & Psychotherapy from India and Canada in Family, Trauma, Teens Counselling, Hypnotherapy, Psychotherapy, Couple and Family Enrichment and Women's Wellbeing. She is further Certified in Youth Leadership from Notre Dame Institute of Education and a Professional Coach from Australia and UAE in Advanced Skills, Business Skills I, II and III, Disruptive Leadership, Meta Dynamics, Emotional Intimacy, NLP and Time Line Therapy Coaching. Her main inspiration has been her parents. Her greatest role models was her own mother who was a Lawyer of the High Court and her father a Senior Executive. People of great integrity and knowledge.

She says, "A mompreneur is a courageous multi-tasking woman who meets the demands of her business and family with great love, focus, and dedication."

Through her venture, she further empowers moms globally to maintain the right balance in their own carousels of life - between taking care of her family while running a business of her own. Daphne shares her success story to help moms overcome limiting beliefs and not see marriage and family as roadblocks but a means of growth and support to building the new generation, being an inspiration for them and living life to its fullest. Infact Daphne walked the talk and got her children involved in small ways. Her business name, logo and colours, ebooks are the creation of her daughter. At the same time, her son helps in paperwork and other areas of the business. Her partner jumps in as and when time permits.

Besides being nominated for the Asian International Excellence Award, Malaysia; Awarded Intellectuals International - Woman of Vigor Award, Daphne has been featured internationally in numerous newspapers, TV channels and magazines and been felicitated by a plethora of awards as listed below...

## Dr Bhagyesh Kulkarni

MBBS, DPC (PREVENTIVE CARDIO-DIABETOLOGIST)

**Founder of 'Healthy Heart Foundation' and  
'Diabetes Recovery Programme'**

His thorough, innovative, holistic, empathetic and spiritual approach to the human existence has empowered him to refill thousands of lives with the sweetness of joy and enlightens with through inspiration.

Dr. Bhagyesh Kulkarni, born on August 27, 1983, is the one wise brain, compassionate heart and inspiring soul behind Healthy Heart Foundation (HHF).

Dr. Bhagyesh Kulkarni is a renowned preventive cardio-diabetologist not only in Pune but helping people all over the world.

'Healthy Heart Foundation' and 'Diabetes Recovery Programme' are breakthrough revolutionary systems that have pulled off remarkable reversal from vicious lifestyle disorders such as diabetes, thyroid, heart diseases, rheumatic arthritic, digestive disorders and many other and helped thousands across the globe.

His mission is to bring back happiness into lives of people suffering from lifestyle related disorders by totally reversing it naturally without medicines through diet only. It is a mission that has a rare combination of physical, emotional and spiritual well being and complete holistic approach.

'Healthy Heart Foundation' (HHF) is a rapidly expanding endeavor with a strong intention to support people suffering from life-style disorders across India and world, to get rid of medicines/insulin and lead a vibrant healthy life naturally.

"Healthy heart foundation" believes firmly that every human being has right to live for hundred years with health and prosperity. Health Recovery Programme" is human beings free from medicine; is a deep belief that "Life will be happy again"

### **EDUCATION/CAREER AND CHALLENGES**

Dr. B's interest and curiosity in understanding human system propelled him to enroll in Pune's renowned 'Bharati Vidyapeeth Medical College' for MBBS degree. Dr. B. Kulkarni did not want to spend his entire life with a job and every day's same routine.

Dr. B. Kulkarni hard work, sincerity and passion for his academics helped him to get good grades in his medical career. Reluctant to pursue regular medical practice in medicines, Dr. Bhagyesh took recourse to 'Clinical Research Management' degree from Pune's bicare research institute' after his internship in health medicine, after this Dr. Bhagyesh Kulkarni never looked back and achieved many experiences at P. D. Hinduja hospital, Mumbai, then at Aristo, Sun and Emcure Pharma as a medical advisor, trainer and consultant.

In 2010, he has completed his 'Post-graduate diploma in Preventive cardiology to gain experience in preventive medicine and understanding root causes of life style disorders. This was the main move of his life. After working there for one year he established 'Healthy Heart Foundation' in year 2013.

Dr. B. Kulkarni shared his wealth of wisdom and knowledge regarding health and holistic hearing to almost 35000 people in last 5 years.

In 2013, his meeting with renowned naturopath from Pune, Dr. Shrikant Mundhada, and discovery of a couple of books which underlined Life style disorders such as diabetes, thyroid, HTN and obesity are reversible drove him to invent his own disorder reversal/recovery programmes in year 2013 under brand of 'Healthy Heart Foundation' (HHF)

Dr. B's 'Healthy Heart Foundation' and 'Health Recovery Programme' has been helping many people to fight such dangerous life style disorders. Through this initiative, thousands of people have become free from high dosage of medicines/insulin injections.

"To put an end to the predominant notion that patient suffered from life style disorders can never win freedom from his disorder, medicines, pain and complications were major challenge that we encountered at onset of my professional career" shared by Dr. B. Kulkarni.

Beginning at slow pace with only 100 clients enrolled for Healthy heart foundation'. In year 2013, it was geared up to 4,000 in year 2014 and accelerated to 40,000 in year 2016.

Today 'Healthy heart foundation (HHF)' is popularly known not only in Pune but all over in Maharashtra as well as in India. Patient from different cities, states and countries come and consult Dr. B. Kulkarni.

Patient's enduring sting of diabetes and other lifestyle disorders for long 10 to 20 years got the real recovery/reversal from pain, sufferings, medicines and insulin in a span of mere few weeks.

"Word of mouth was the main reason behind our rapid growth" said Dr. B. Kulkarni.

### **TURNING POINT**

Reading Dr. Mark Hyman's "Blood sugar solutions" and Dr. Gabriel Cousen's "Cure for Diabetes" outstanding books was the turning point in Dr. B's career.

### **BALANCE BETWEEN LIFE AND WORK**

Dr. B. Kulkarni realized that it is very challenging for a doctor to maintain a balance between his personal and professional life. He advises that "A doctor should try and give his or her best efforts and time to both worlds"

Dr. B. Kulkarni is especially grateful to his parents, who gave him strength and to his wife Mrs. Gayatri whose many sacrifices, endless support and adept handling of the responsibilities of the household have been instrumental in helping him to focus on his career and grow as a doctor.

### **BEST PIECE OF ADVICE RECEIVED**

Dr. B. Kulkarni learnt valuable lessons from his mentor at 'P.D. Hinduja Hospital' Dr. V.R. Joshi emphasized on him the need to be a clinician first, and specialized doctor later.

Dr. B. Kulkarni truly believes that for good and successful life and future, peace of mind is very important. Dr. B. Kulkarni strictly follows traditional ways and wish to be close to nature in order to remain healthy and fit.

### **ADVICE FOR YOUNG BRIGADE**

Dr. B. Kulkarni advises the younger generation to be patient and always strive to prove the point of ability at every juncture.

He says, "I think nobody misses the bus in life. In case anyone misses the first, there is always the next one to catch and then some". "Confidence comes from one's ability to reinvent himself and stand firmly in the face of adversity".

Everyone who studies medicines these days wants to start making money very fast. So, my message to young medical aspirants is "Please be patient, take your time, observe, and select one domain where you can give your best".

### **MANTRA FOR SUCCESS**

- Dr. B. Kulkarni has some interesting mantras for success:-
- Have massive intentions, take the path of least resistance, innovate to benefit and earn from challenges encountered.
- "Keep the cycle of learning expanding to new levels with high consciousness books, advanced beings and truly experiencing the laws of nature".
- Dr. B. Kulkarni, strongly believes that there is no substitute for hard work and dedication if one wishes to scale new heights, though; it is not the end of the road for him. Success only drives him to work harder and serve his patients even better in future.

## Raghav Diwan

### AN INCREDIBLE ACTOR WHO ROSE TO STARDOM THROUGH HIS STRONG VIGILANCE

Manifesting a space in the entertainment industry that dwells from the realms of quality is not a brick that every creator could put in place. It requires exceptional acting techniques, like voice modulation and precise on-stage movement, which can be learned and finessed, making the actor worthy of a place on the silver screen. Inhibiting all of it, and many other impeccable talents is the actor Raghav Diwan who, having worked in over 100 short films by now is renowned to bring each written character to a life full of zeal.

With time, a lot of things fall into place. As for Raghav, becoming an actor was not the first thing on the top of his mind. Hailing from the city of Bhopal, Raghav started his career with a magic wand. With imbibed wit and a plethora of skills, he followed the guidance and supervision of the renowned magician Shri Nafees Hussain and embarked on a three-year journey as a magician. He developed a knack for a variety of magic tricks and garnered immense love from his audiences ever since the start. From small to big, he engaged in all kinds of gigs, may it be on Pizza Outlets or anywhere else in the city, he never stopped. It was not only his liking to be an illusionist and a magician but also an urge to do something different. Catering to this same enthusiasm, he realized that his true calling lay somewhere else, and he chose to project on the trajectory of an actor and a producer.

Costume and make-up aside, theatre – unlike film – cannot rely on special effects or digital manipulation to transform an actor. As Raghav began his acting journey from the sets of theatre, he understood from the very beginning that, in the theatre, actors must rely on their own ability to transform themselves, and that is how the audience sees the character rather than a man trying to be someone else on the screen.

Raghav has always believed that if you put your heart and soul into something, there is no chance that it would not prove worth its while. The journey may get long and tiring, but the end result always ends in satisfaction. Setting his heart in the entertainment industry, Raghav relentlessly worked on his prowess and pledged to deliver content that not only engages his audience but also adds value to their life. He decided to migrate to the big city- Mumbai and give his ideas and dreams a shape and reality. Having undergone his fair share of troubles, he took inspiration from each and every moment of his life and carved it into stories that were ready to change lives.

Owing to his continuous efforts, he made a big breakthrough in the industry with the renowned actor Pooja Bhatt, in a promotional music video. Having received a very positive response from all his counterparts, Raghav got the boost he needed and thereafter continued to develop more and more content. He made a debut in the arena of web series through 'DOORS' and marked his magnanimous entry into the world of OTT. Raghav's other short film 'Walle' even received the unique distinction of being his most-viewed work on YouTube with more than a million views. To name other short films that garnered loads of appreciation from the viewers are 'Falling in Love', 'Ladies First', 'Metamorphosis', 'Sutta Chhod Na Yaar', 'Death of an ITian', 'Oh Shit!', 'Thread' and many more.

The OTT release 'Metamorphosis', came out as a ground-breaking 13-minute short film. The gut-wrenching story revolves around a poor father's struggle to seek treatment for his terminally ill son. The film not only narrates the defects in the healthcare system but also showcases the helplessness of life in face of inevitable death. The movie has been showcased on various following platforms including the Royal Stag Large short film under 'short film of the week', Lake View International Film Festival Ludhiana, and The lift-off session @pinewood studios UK first filmmaker award.

His short film 'Thread' was directed by Anant Dubey and was produced under the banner of Madboxx Media Studio, a Bhopal based production house. This 8-minute short film focuses on two best friends, going through the course of life and weighing the pros and cons of converting a friendship into an intense love affair. Unfolding the events, the short film amazes you and makes you feel at home because everyone, at some point of time, has faced such dilemma.

He found his niche in the short films, which fructified first on YouTube and later on, on the OTT platforms like Zee5.com. He was also invited as a speaker at the "Digital Dream Session" of the FICCI Frames 2017, where he spoke along with artists like Ashish Kulkarni, Tisca Chopra, Vivek Kajari, and Paula McGlynn. Raghav's earnestness is his most beautiful personality trait and it helps him don the hats of an actor and a filmmaker with ease.

Having federated with efficacious production banners Chai Stories LLP and Blackeye Entertainment LLP, Raghav has been promoting quality content and quality content creators to reach heights in the entertainment industry. Through the medium of Chai Stories LLP, Raghav is taking incharge of all aspects of movie production and is giving budding actors a chance to stay afloat. As a part of their services, Chai Stories offers end to end assistance in casting, scripting, direction, production, editing, shooting, art direction, costume designing and much more. Furthermore, under Raghav's prowess, they have been able to make films using diverse equipment ranging from mobile phones to high-end cameras to ensure quality work. The production house has cemented its position in the industry and has even projected their work on OTT platforms such as Sony LIV, Hotstar, Shemaroo, YouTube, TATA Sky, Times Music, Airtel, and Jio Cinema. He works on the motto 'Never Say Never' and hence makes sure that all those aspiring actors who come to him with dreams in their eyes, never had to go back without a genuine try. Catering to his love for music and singing, Raghav ensured that his films moving forward have a special place for the music fandom. From rock music to all kinds of soulful tunes, he added motifs to his movies that left the listeners wanting more. His two next releases 'Love in Kalimpong' and 'Jasmine' that are being shot in the scenic beauty of the town of Kalimpong are undeniably setting the bars for music in the industry. Through these movies, he has given actors like 'Rajeshwari Chakraborty' and 'Tenzin Chodhen', a platform to showcase their skills. Working with his friend, confidante, and an impeccable director and producer, Prithviraj Das Gupta, Raghav Diwan has been able to bring his stories to life.

For an actor, each of his work means something special to him, but for Raghav, it has always been more than that. He is on his way to fortify this industry with a strong content that delivers a social message through its screenplay. While his short film 'Ladies First' talked about the struggle of married women in society as they step into their fields to chase their dreams, his compilation 'Love in Kalimpong', is a heartwarming love saga between two individuals as opposite as the poles of the world. 'Ladies First' being Raghav's first directorial debut with Chai Stories LLP and Blackeye Entertainment LLP, focuses on women empowerment discourses around the country and has worked as a fuel for all those women who are trying to break out of their monotony in living.

'Love in Kalimpong' on the other hand is a piece of cinematic perfection, capturing the essence of the nature and transcending it into the contrast of the majestic mountains and the very rare Cactus growing in its cracks. The short film throws light on the fact that if such rare combinations can be found in nature, then human love is not so far-fetched. Not only this, the actor also worked for mystery thrillers in his creation 'Jasmine'. It is a story woven with a lot of twists on every turn. Set in the panoramic valley vistas of Kalimpong, the short film comes through from a traumatic child's point of view. It portrays different flavors of mystery amalgamated and concocted with a variety of regional folklores making the soundtrack of the movie adding an unprecedented essence to the story. Being a storyteller who faces the issues of PTSD, Jasmine makes you wonder if what is going around in the world is real or a part of the bigger fiction.

All his films have been created with a lot of love, passion and complete commitment. He embraces all his successes and failures with grace. Celebrating every success, he has fortified his growth and learning from all his unfulfilled endeavors. Raghav Diwan has worked with a lot of prominent personalities of the entertainment industry. Some of the major names include, Swati Semwal in 'Thread', a renowned actress from Bareilly Ki Barfi, Fanny Khan and other television serials, and Rupesh Tillu in 'Ladies First', an actor who was a part of the successful web series 'Lakhon Mein Ek'.

Standing apart from the crowd in every manner possible, Raghav quickly found his niche in the world of films and strengthened his repertoire along the way. Today, among the plethora of individuals catering to this same space, Raghav alone has managed to generate a buzz in the movie business by garnering great returns for investors into his art. He is perhaps one of the few filmmakers to earn his investors 100-120% returns on investment on a regular basis making him the most in-demand actor in the domain.

After scores of efforts and never-ending passion to achieve his goal, Raghav Diwan established himself in the industry as a very appealing name. A good actor makes the audience forget that they're acting. The one way they do that is by reacting thoroughly to everything and everyone within their reel world so that they look like they're really a part of that world. Communicating a wide range of emotions with the eyes, and the body, and a voice that harnesses appropriate subtlety, is what then makes a good actor great. Working over the years, Raghav has been able to channelize all his potential into bringing the best to the table, and without a doubt, seeing all his successful and rather insightful releases, he has effectively been able to achieve that. Considering his creative aptitude, Raghav Diwan surely has a lot more in his bag and will continue to engage and relate with his audiences in the best way that he knows.

## *Dr Nallapati Venkateswara Rao*

I am Dr Nallapati Venkateswara Rao an educationalist since 3 decades.

THANK YOU for bestowing me with such an honour and this special award. I feel overwhelmed and emotional and I am at a loss for words, this is very special moment in my life. It already felt like a win when I found out that I am even being consider for this prestigious award.

No matter where a child comes from, the school campus has everything to meet the highest educational expectations for Delhi World School students.

Delhi World School has over five years of excellence in delivering the quality education and shaping the minds of future citizens. Vidya Educational Society which has 3 decades of expertise has brought the presence of Delhi World School in Hyderabad.

We always inspire our children to think independently, to admire themselves and others to value excellence. We use the latest and best-in-class technology for better learning. Our smart classes are a boon for the education system. At DWS, every student will get an opportunity to prove themselves and finally achieve academic excellence. We leave no stone unturned and always aim to deliver the finest education to our students. The infrastructure and facilities are next to incredible.

Chairman, Dr Nallapati Venkateswara Rao is a classic example of his works being more popular than the person. It is not an exaggeration to say that he has the midas touch. The only difference is that he puts his heart and soul in every project he undertakes. His imprint can be seen in various fields, where he has ventured and the flags of success are fluttering high.

I believe that education is extremely important for a person's growth as I come from humble beginnings and always had a hunger for learning. Zeal to consistently learn and teach made me a teacher and the world revolved around school students and couldn't imagine doing anything else in my career.

I set up Vidya Educational Society in 1990 at the age of 22 after understanding how a great teacher can transform a child's life. I wanted children of all financial backgrounds to have access to good quality education.

My students today, form the cream of the society and are well-settled in various professional positions across country. Many have also moved abroad to USA, Canada, Singapore, Switzerland and New Zealand among others. I trust that any student can achieve success through persistence, practice and discipline.

Nobody is born with all talents - students need to work tirelessly through practice and achieve perfection.

## *Dr Nallapati Venkateswara Rao*

Greetings to all

This is Nallapati Venkateswara rao founder, group of Sreenidhi global schools. THANK YOU for bestowing me with such an honour and this special award. I feel overwhelmed and emotional and I am at a loss for words, this is very special moment in my life. It already felt like a win when I found out that I am even being consider for this prestigious

award. SREENIDHI EDUCATIONAL SOCIETY with more than 10 years of professional experience and brilliance in providing the high-quality education

started Sreenidhi Global Schools in Hyderabad which is recognized by the Telangana State Board of Education. The core of True Education lies in the mixture of both Character and Intelligence. Depending on this, I have formed our educational system with good infrastructure and amenities. Sreenidhi Group of Schools has made a remarkable results in these 10 years of journey. SGS draws its forte from the experienced, well-qualified and compassionate staff, those who always strive hard to take out the innermost abilities of the students in order to make them excel. SGS motto, "Service before self" enriches our core values to lead every single step of students future journey. I believe in "Shaping minds, Touching lives, defining one's ideology and personality building". Child being the focal point of our education system, Sreenidhi global schools encourage the younger minds to learn and face various challenges. The dedication and commitment of our faculty members, co-operation of the parents and the enthusiastic efforts of the students, make the teaching—learning process smooth and effective. Our mission is to provide skills, knowledge and healthy environment. We imbibe social sensitivity along with the respect for our rich cultural heritage to SGS students. To enhance the additional learning spectrum of students, SGS gives age appropriate Olympiad foundation course. We have 18,000 strength approximately across Sreenidhi Global Schools, Hyderabad. SGS is most famous and popular for laying the Olympiad foundation course in the City. "No matter where a child comes from, the campus has everything to meet the highest educational expectations of students." Thank You.

## *Aashna Vinod Gupta*

It takes a lot of grit, self-motivation and will power to reach the point she is now at. Aashna Vinod Gupta, just like any other Indian girl, faced numerous challenges from the society and her family as well. But like a true warrior, she overcame all the challenges posed in front of her. Her early childhood was full of love and care. Sibling to a brother and a sister, she is the middle child of her family and contrary to the common notion, this middle child is a pampered one. All her demands were met, no matter what. And the main reason for it is that this middle child never misused the love and care given to her.

From her very childhood, she has seen her father struggle. With his hard work and intelligent decisions, their fortunes went from zero to hero. And it was his sheer dedication and perseverance only that motivated her to be the person she is today. He never let his family or friends down and he has been the biggest source of inspiration for Aashna. Always been inclined towards social entrepreneurship, she has worked with several NGOs towards the betterment of the society. She used to run campaigns to raise the funds also. It was when she decided to start her own venture so that she could raise her own funds. And this is why Pinaak Ventures came into existence.

Pinaak, literally meaning the “Bow of Lord Shiva”, was established on .. August, 2020. It is a digital marketing and web development company, which provides all kinds of digital marketing, branding, business strategy, and web solutions to its clients. It could be labelled as her luck or her balanced decisions, that her team is the most awesome and hard working one. She has been doing great in her establishment since its inception. It was serving the purpose Aashna had begun Pinaak for. It is her vision that she contributes to the modernization and digitalization of Indian businesses and the society as well. She could see her dream fulfilment of promoting digitization in India through her efforts.

But fate had something else in its plan. The sudden demise of her father, her sole inspiration, devastated her to the core. Her heart, her mind, her soul, her will power, everything was shattered. It felt like there was no way to go. But with the support of her family and friends, and her father's teachings, she was able to gather and put together her broken pieces. And to everyone's surprise, she came out stronger and fiercer with a concrete will. However, things had now changed and not everything was a walk in the park for her. She had been continually pressurized to tie the knot. But Pinaak had now become the means to show everyone her worth and what she is capable of. Since then, she has been employing innovative approaches in her business venture. And it is her keen desire to make it to the Forbes' Under 30 Achievers. She also wants to graduate from the prestigious Harvard University.

Aashna is an alumna of Woodstock School, Mussoorie. And as she was born to a businessperson, she was always biased for running her own business entity as her career. So, she graduated with a Bachelors in Commerce from the University Business School, Chandigarh. She also holds a degree/diploma in Filmmaking and Direction from Sarah Lawrence College, New York. Yes, this is the same Sarah Lawrence College, which had been named as No.1 College for the “Best Classroom Experience” by the Princeton Review, two times in a row.

She is an avid reader and loves writing and poetry. Since the beginning, she has loved horse riding a lot. She feels a powerful and unique connection with nature while riding a horse. And this has made her a lot stronger. Horse riding has brought countless positive changes in her. It has developed in her patience, self-confidence, courage, and leadership skills. She also feels a great deal of joy and a sense of relaxation while riding on a horse back. It feels like there is nothing to worry or stress out about. And it is for the same reason that she wants to own a horse in the near future.

Aashna loves football too and this game has taught her how to handle failure as well as success. She is a great team player as well, and this has instilled in her a sense of working for the betterment of others and the society she belongs to. This is the reason she is laying the foundation of “Vinod Gupta Charitable Trust” in memory of her father, Late Sh Vinod Gupta. Marking the death anniversary of her father, this charitable trust would raise funds for bettering the lives of others.

We wish the best to her in all her ventures. More power to such a gritty and valorous girl!

## ***Dewanand Yadav***

Mr. Dewanand Yadav is the youngest entrepreneur from direct selling industries and founder of greatest education system \*wealth creators \* Currently he is leading a team of 20 thousand direct sellers, over 40 cities of 25 states of india. ## *Shirin Udhas Aggarwal*

A social entrepreneur, philanthropist, corporate leader, experimentalist, and learner - Shirin is a blend of all. A woman of high integrity, she balances humility and confidence with perfection. It allows her to easily get into the thick of any matter - from leading a legacy brand of Real Estate with her husband with a new outlook to working towards changing the lives of the underprivileged for the better with her NGO and a member on board a renowned soccer school to train young sports talent.

A self-driven individual since her formative years, Shirin picked up assignments that helped her in self-development - be it in the USA or UAE. She trained in the hospitality industry, counseled for a business college, designed magazines, and conceptualized events. In parallel to her community-centric activities for her NGO Wey

foundation.

Shirin formalized her journey of the Ngo after working diligently in the Covid lockdown beginning of the March 22<sup>nd</sup> lockdown from ration to over 6000 families to medical needs of thousands, and has been instrumental in setting up 3 free Covid hospitals Ratnagiri, Maharashtra with support of MLA and Doc appointed as Covid Chief from the Army in Maharashtra. During the Covid lockdown she Worked under now DGP Shri Sanjay Pandey for the shelter home in Versova, with NCW (National commission for women) Delhi, Chairperson Mrs. Rekha Sharma for 7 day medical camp in karjat with the support of the KMC and Mayor Mrs. Suvarna Joshi, she personally attended to over 40K people in 7 days. She is an active member of LTG group where no of medical n all needs are taken care. She has covered several police station for motivational speeches and medical supplies in Navi Mumbai under DCP Shri Shivraj Patil.

She in a short span of time as reached out to many Adivasi villages in Maharashtra and Gujarat for Nomadic tribes. Now she has signed up n planning stage of building 307 homes for the nomadic tribes in Gujarat with the support of local authorities. This her new **“smart village project”** with sustainable living for these tribes who haven't had homes for generations, and now they not only will have homes but a means of livelihood and kids will be going to school so the community on the whole will be uplifted. She plans to model this as an example to many other cities n states.

Shirin invests a fair share of her time in a soccer school as a honorary member on board, training underprivileged kids from local areas and ready's them to play Nationals for the country. As a member on board of OSSI, Shirin plans to develop a platform that serves as a springboard to fresh sports talents - irrespective of their social standing.

An Honorary Rotarian of Mumbai Braveheart's Club Andheri, Shirin blends her desire to learn with years of experience and vision to build a future worth dreaming today.

Her vision and mission is to be build communities without disparity and teach the underprivileged sustainable life skills to build better future for the next generation

She is always learning new things and creating personal growth. She follows life coaches, reads constantly, and is always looking for new ways to broaden her own mental horizon. As an effective women entrepreneur she is always improving herself, as successful female entrepreneur Shirin's view's situations of the needy and underprivileged in a much the planned way, she knows their strength and maximizes their effort. She wants build a chain of growth with the help of the underprivileged and privileged sector. **Wey foundation's tag lines says it all. “We Empower You....You Empower two”.**

As a social entrepreneur she says **“My desire to learn, create and build surpasses my fear, every challenge I'm faced with now, becomes a greater experience of learning my true power.” A Lerner for life I grow each day alongside my people and this is my strength.**

Shirin has been awarded with recognitions interviews n more by eminent organizations.

## *UL Ravikumar*

My name is UL RAVIKUMAR , Im From Kurnool, Andhra Pradesh. I'm Studying diploma in agriculture.

I always think about how to make more profit with less investment. I was able to do it. When I came out after completing my Diploma in Agriculture I first worked in a soil testing lab for 6 months for a salary of just Rs 5,000 per month. Then I would just think about this 5 thousand rupees of my life and get well. Luckily for me, my friend was introduced to the fact that I can only spend

time with good people, so that we can always reach the best level in life. After he was introduced I became involved in working on a project called Crop Insurance. In that

case, in the villages where there is no food to eat at some point of time, one person eats a dosha in the morning for 5 days and then eats only one watermelon at night and ends the day. Overcoming all those conditions, I was able to reach the level of earning Rs 5,000 per month to Rs 5,000 per day. I was able to reach the level of being employed in 5 districts of Andhra Pradesh by over 100 people who are older and more experienced than me from the level of working under one. I worked on this project for almost 2 years. Once upon a time I wanted to earn not only 5 thousand rupees for the next day but 50 thousand rupees for a single day. Then I started some kind of business to reach that goal. I have experienced losses and gains due to some of those types of businesses. I thought of many ways to reach the goal of earning 50 thousand per day anyway. It was on that occasion that a virus called corona entered our country. All the businesses in our country have also come to a complete standstill. So if you stay home for 2 months and think about what to do next, one day while looking at an app called Tic Tac Toe Timepass, a man told me about the sanitizer needed to prevent coronavirus and said he would give it to you at wholesale price. I spent the whole day thinking about that sanitizer and phoning that person and thinking about that sanitizer. After talking to him I wondered why you should not start this business. The next day I decided to do that business for only Rs 2,500 I ordered valuable sanitizers and got them. I have no plan on how to sell these. But one day while walking on the road I saw a man sanitizers Amma Tum on the side of the road. I immediately went to Avyakti and found out the price he was selling and I talked to him that I can give you this price. The next day I was able to go to his office and get the first order. I was able to earn a profit of Rs.500 from that first order. From that day onwards I started doing marketing. I was also able to get orders for each drugstore. I rented a godown and invested Rs 40,000 and brought in a large amount of sanitizers and masks. From there I started going to hospitals for orders. I was also able to earn hospital orders so slowly that the goal of earning thousands of rupees a day was fulfilled in this business. I was able to generate a turnover of over Rs 90 lakh in just 4 months in this corona related business. For those 4 months I earned a profit of Rs 5 lakh. Later this corona declined. Again 4 months later the corona second wave began. I am aiming to earn Rs 1 lakh in a single day this season anyway. I was finally able to achieve it by doing smartovers with intelligence. In this corona second wave I was able to make a turnover of almost 85 lakh rupees in a single month. Even with all of this turnover I did it in a slightly smarter unique way. Somehow I could not afford to invest much so I took the time in the form of the company's profit commission by giving my order to the company and depositing the company's income in it and billing it directly to the customer. In total this year I was able to make a turnover of around 1.5 Cr during the corona period in that particular manner without any investment. Do as you should Hard work If you have noticed in the above I have not done anywhere, I have only done smartovers. In today's world of automation can be a daunting task. That's why I never wanted to make money, just want to create it now. That is why I was able to succeed in that field. I have proven that even a small investment can do big business. We have also planned two more businesses, which are going to start in two to three months.....

## ***Tournant Networkings Pvt. Ltd.***

Mr. Anant hathgain and Mr.Alok hathgain are real brothers and graduate engineers from NIT RAIPUR and NIT CALICUT respectively. Both started their career as a direct seller in year 2005 and accolade with all the prestigious rewards and recognitions within a short span of 3 years.

With the dreams in their eyes and courage in their heart both started their own real estate company SHRI SAI BABA DEVELOPERS in year 2008, from the second largest city of the state Chhattisgarh, that is BILASPUR, which performed amazing and soon they got popular with brand name SSBD and featured in many business media. ## *Janeshwara Ambrose*

All glory to God the Almighty. Alpha omega enterprises were started August 2011, Alpha Omega means he is beginning and he is end, I have put full trust in almighty and started. It was platform for my Retirement as I was thinking I should be boss of my own, I was also working as Technician in the department of Pulmonary Medicine. When I started it didn't work so well, and then I switched to

Renting out since clients were not able to invest huge amount initially, later they use

to came back to purchase once they mobilize the funds, these equipment's were Oxygen concentrators, CPAP and BiPAP for people snoring and sleep disorder. I first sales happened was overseas Mauritius Island. I used to buy back the machineries of the patients who had attained Eternal rest. Later slowly started investing on new machines for rentals. Due to demand planning to purchase more for the rental for the people not able to invest immediately huge amount.

I am Proud to say me from St. John's Medical college Hospital and Mr. Sathish Babu from Apollo hospital were the first generation trained Technician under well-known pulmonologist in entire Karnataka for Lung Function Testing, and later Sleep disorder with certification. I sincerely thank full to Dr. S.D. Tarey, Dr. Marie Suzy Jacob, Dr. Chandramouli , later HOD Dr. George Albert D'souza and other Doctors of the Institute where I learned lot about the care of the patients. 2019 I lest the Job to improve the business, after 31years of experience. I was full time business man, it was tough initially picked up slowly. 2020 March there was request from One of the Hospital in Mysore to join them as technician since they did not had Technician, they also promised that I cam do my business side by side, which gave boost to my dream to have branch in Mysore, I am Thank full to J S S Institute and Dr. Jayaraj and team for this offer.

My ambition is to start as many branches as possible in Karnataka other state. My way of working is not becoming rich by day, sustain the business as long you can without shutting down. My Moto is Service is our Pride, which can be seen in company Logo also.

## Abhilash

ENTREPRENEUR AND FOUNDER OF  
GNXT PVT LTD

Born with the power of determination and passion, Abhilash could not allow the humble background to deter his desire to succeed in life. The now founder of the biggest service Provider Company, GNXWEB PVT LTD is a successful person. The childhood struggles he underwent instilled his desire to grow his business from rags to riches. He pursued the Engineering course which he finished in the year 2015. After finishing studying the engineering course, Abhilash struggled in the job for he was unable to acquire himself a white-collar job. Therefore, this drove him into the life-changing idea of beginning a business company. Together with his beloved wife Megha Gupta, they established a GWEB Company in 2015. The client base increased widely due to their mouth-watering quality services. Also, they realized a big increase in their business that same year and that led to the establishment of a private company. 2021 was the year Gnextweb Pvt Company came into existence to facilitate the growing business. The company growth has seen the company rise from 1.5 crores to 2

crores establishing a wide range of client base. Their main example of clients is the Airowin Logistics Pvt Ltd, Sri Venkateshvara Sweetmeat stall, Zamindar Biryani, Refurb Mac Word , Promise Matrimony and Book My Hookah Etc.

His companies not only do the development but also have involved themselves to hosting given workshops related to becoming an entrepreneur, Android development training, java training, and Search Engine Optimization (SEO) training. Abhilash, the hardworking entrepreneur has so far completed more than 23 Google certifications that are related to digital marketing.

During the 2015 Presented Research Paper in INTERNATIONAL CONFERENCE and Won Best Research Paper Presentation Award and Research paper has been published in Magazine. This was the period Abhilash was finishing his engineering course. Megha on the other hand completed her MBA and ICW. She has grown to become the main pillar of Gnextweb Pvt Ltd and enabled it to be in the position it is now. With the great improvement that we have seen over the past years, we have recently extended our company to UK and USA. That is, gnext.uk and Gnext.us respectively. With the growing need for the business portfolio, Gnextweb Pvt Ltd assisted them to develop their business portfolio.in 2016, they established a café going by the name of La Sheesh and other four (4) restaurants. Currently they are taking our step further to the TV and electronics wholesaler industry.

With the need to always consider their clients and customers, Gnextweb Pvt Ltd made their services affordable by lowering their service prices. They charge as little as Rs 19.33 per day. Why go for an expensive company when Abhilash Company is offering quality and professional services at affordable and customer-satisfying prices? With them, you can just have your own business Application and evade your business, company, or enterprise from relying on anybody. The good deed about Abhilash Company is that they do not have hidden charges. Their business is recommendable and legit. They have a Single Vendor and Multi-Vendor e-commerce platform which saves a lot of resources and time for you. Also available is EMI App. Annual Contract Apps is the one available in the Gnext Pvt Company. They include the following: Admin panel to change products, upload products customer Application, and Website Delivery Boy Application. Unlimited products can be uploaded to the e-commerce platform at very affordable prices which goes for as lower as Rs.600/-

Why wait when you can choose Gnext Pvt Ltd for quality services? Why then should you choose Gnext Ltd? First of all, their team is a dedicated example. They consistently provide their clients with quality products and services. Their team consists of developers, designers, coders, managers, and senior management staff. Their continued teamwork and professionalism have assisted the company towards a gradual change and improvement with time. That is, from the top-level seasoned professionals up to the many graduates who work for the company have widely contributed to the growth and development of the company. The Gnext Pvt Ltd treats its employees with recognizable decorum. These have uplifted their morale and self-esteem. Instilling the self-discipline that has boosted the status quo of the Gnext Pvt Ltd positively. Currently, it is ranked the best service provider in Angular development and web development which includes the development and management of the company.

Abhilash has good entrepreneurial skills such as adaptability, team leader, being risk-tolerant, being persistent, having a desire for structured experimentation, and the ability to make well-analyzed decisions. Together with his beloved wife Megan Gupta and their ever-growing Gnext Pvt Ltd Private Company, they are having a desire to expand their business widely. The reviews that the clients present on the company websites signify a valuable limited and owners to work with for better growth of your business. Upcoming entrepreneurs should learn from Abhilash life story and focus on their future more than their humble beginnings. Failing to plan is always planning to fail.

Contact the Gnext Pvt Ltd to be among those clients enjoying the quality, professional, accountable, and credible services offered by Abhilash, Megha A Gupta, and their Gnext Company.

He proved his metal by launching and establishing path-breaking technologies and product categories, building brands and businesses, developing international markets and categories, building winning teams and leading organisations with his vigorous leadership. He is an effective and a dependable mentor for the upcoming IIT engineers and school graduates in commercializing new technologies. He is the recipient of numerous honours and awards for distinguished work in the water purification and management vertical.

## *Er Kartik Gupta*

Er. Kartik Gupta, an ambitious young human hails from Kanpur, Uttar Pradesh, the industrial hub of leather in India. He did Computer Science Engineering from Noida Institute of Engineering and Technology (NIET), Greater Noida. He is the founder/CEO of the company “The World Of Hidden Thoughts” founded in the year 2018. The company aims to support different kinds of artists from across the Globe on a common platform. He wants to spread joy and provide equal opportunity to all kinds of talents. He is a Photographer, Sketcher, Developer, Graphic Designer and plays many roles at an age of 25. He is working as a software developer in a multinational company, and has done his automation certification from Pega Systems, USA. He has recently been entitled “Dynamic Entrepreneur of the Year (Business Transformation)-2021” by Global Empire.

To take his hobby of photography further, he improved his skills and started working for the well known photography site Getty Images as their paid photographer who clicks and sells his pictures online. In his introverted school life, he joined numerous societies and clubs in the hope of nourishing his personality. He also played for the school football team and reached district level.

Writing was never a forte nor his cup of tea, but he found comfort in penning down his thoughts when he faced a dark phase in his life. The struggles that he battled with his racist peers was something that he never imagined. Things got worse when everyone started questioning his life choices and there was barely any ounce of support. He became aware of how empowering words could be. Thus, he began reading and writing. He wanted to create a community that would provide a safe space to all like-minded people battling silent struggles in their lives.

He explored his potential in college and joined the Editorial Club as the Vice President of his college. His determination and dedication finally paid off when he successfully made a community and turned into a company. Within one year it had more than 15 branches in India. This community solidified his reason for pursuing this path in life. He found himself learning the significance of togetherness, love and friendship.

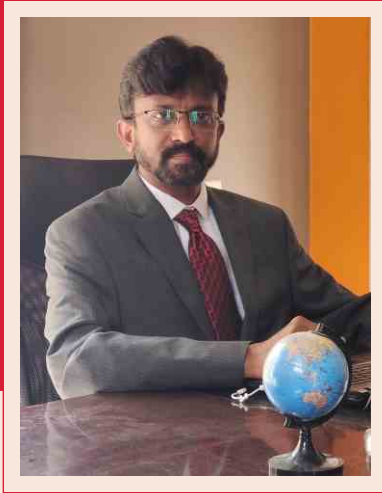

After all the awful incidents in his 24 years of life, he discovered a new purpose in his life on the face of this Earth. This was the inception of the community “The World of Hidden Thoughts”. The foundation of the community was the people that he met and the bonds they fostered. Kartik being a genuine and a positive person was able to capture a special corner in the hearts of the people who randomly crossed his path. They now call themselves a proud member of the TWOHT Family or Thought Family. The family is now extending its wings at a global level.

The World of Hidden Thoughts is an artists company which is ISO 9001:2015 Certified Accredited by UK Akkreditation and Certification Board Limited which is connected with various talented writers and artists across the globe having a variety of hardworking team of professionals and fast learners. It believes in creating a shared space with mutual respect to promote growth and learning. To encourage artists to pursue their dreams and passion and to serve this purpose, it is creating a team of artists and writers who can dedicate their precious time in building the community. The company is always looking out for team members who can construct a path for every artist towards prosperity, extending its contribution towards building the nation. They are into publishing books, Book launch events, open mic events and workshops in different parts of the country and in different sectors. This company is publishing books internationally and has been giving this platform to young writers in more than 80 countries of the World. Their motto is-

Every person has a unique style and talent and their thoughts have the power to change the world and we need to take out the talent of the unexpressed.

### **“EXPRESSING THE UNEXPRESSED”**

Er. Kartik Gupta and his team selflessly work to reach out to the budding writers and artists who have a good flair for literature, and other creative skills such as designing and organising. They actively seek women from diverse age groups who want to restart their career or get recognition in the writing field. The company provides an opportunity to such proficient individuals to showcase their capabilities. It also provides internships to enthusiastic people who want to further their literary talents and advance their soft skills as well by handing out roles in leading, designing and writing. The company stands on three pillars - Loyalty, Honesty, and Hardwork.

## *V. Sibin Mathew*

**“ More than a forceful teacher , being a parent, a friend, motivator among the students is the greatest reward for the inspiring teacher”**

Mr. V.Sibin Mathew is working as English teacher in an esteemed institution, Christukula Mission Higher School, Satna, Madhya Pradesh. Since two years, he is serving as a teacher. As far as the education qualification is concerned he have done graduation in English Honours, M.A Public Administration from Madras Christian College, B.Ed

English and at present pursuing M.A English from Bharathidasan University. To his credit he has achieved the certificate from the British Council in English Proficiency Test.

Being a teacher, he is dedicated, resourceful and goal driven professional educator with a solid and academic growth and development of every child. He wants all children to be a successful learner. So the classroom atmosphere he creates is stimulating and encouraging to all his students. Such things the students keeps an eye on the teacher to learn some values, beliefs, and about the present society that makes learning intriguing. Through his appreciable work he received Foxclues Indian Prime Awards, Best Teacher Award from Global Triumph Foundation, Progress Global Awards for the Distinguished Teacher, and International Brilliance Award by Hypedge Media Promotion.

During his childhood he was not focused in learning and due to which everyone around teased him. He was total failure in English. But he took the challenge, worked hard to improve his studies, filled with compassion and dedication he proved himself. As a child he was not able to able to speak well due to the stage fear. In addition to that, he took the task to speak to the audience. Life has been changed, Sibin Mathew came forward to participate in various events and received multiple awards and prizes from various fields. So he knows every attitude of child. Furthermore he follows the principle that students are not slaves, they are the future leaders, educators, lawyers, doctors, and that only a teacher can inspire him and knows their own goals. He has only two years of experience but he inspired lot to the students through his life. He had gone through many challenges and that was the turning point.

There is quote which says, “WHAT TEACHER IS , IS IMPORTANT THAN WHAT HE TEACHES” – Karl A.Menninger. Yes similarly, he is the person who fosters the meaningful relationship with students. The good teacher explains, The superior teacher demonstrates, **The great teacher inspires**. Currently he is working as a teacher at Christukkula Mission Higher Secondary School inspiring them through his teachings to be the benchmarks.

## *Yeloo Pvt. Ltd.*

Every woman fear that their focus after marriage will only be on family and their life comes to a standstill.

But I was born new only after I became a mother of a beautiful angel.

Hailing from an orthodox family breaking the barriers started from a tele-caller to Micromarket CEO.

Women and Jewelry and Inseparable- who else can understand women style quotient better than a Lady..

I further discovered that my genes kept ticking inside to apply the corporate experience and bringing a disruption into unorganized family jewellery business.

The Eureka moment

“why should I not venture into my father's wholesale jewellery business and give a proper shape to it and organize it?”

took me one more step ahead and I ventured into retail jewellery industry!

She knew the pains of every Retail Jewelry to increase Footfalls.

Also lies huge opportunity Online People looking for Jewelry online .

So yeloo is her brainchild - Market place for Retailers . A hybrid business model to increase online and Offline sales.

There is always a strong secret in everyone's success

It's the support system

A successful men or women need a strong support and a motivator

So is Aarthi Logeshwaran to Abirami Santhosh

A backbone, support and motivator to help her to grow her brainchild

A backbone, support and motivator to help her to grow her brainchild with MBA degree and experience in various fields finance, hr and operations

## *Orange Education*

Orange Education is a group of educationists, mentors and strategists who believe in bringing out tech-driven educational solutions for fostering the intellect of students and assist them to bridge with the practical world to unearth their talents.

With a futuristic vision - "To empower the learners with the best computer education, technical skills and coding that unlock opportunities for a better India", Orange Education has evolved as a renowned brand. They launched

**70 computer books for grades 1 to 10** in the year when the world was challenged by a pandemic. Now reached up to 123 books for k-10 segment. These text books are

**Computer Sc. books for grades 1 to 8**, designed carefully as per the guidelines in the **New Education Policy 2020**.

Orange Education endeavours to teach students through playful learning techniques so that the child would be tech-savvy, and ready for progressive futuristic challenges of the world. In complementary to the textbooks, it also has **One-Stop FREE Digital Platform** that gives advanced learning options like **E-books with Concept Animations & Interactive Exercises**, Lesson plans, Worksheets, etc. that would help students to grasp the concepts through this kind of exceptional system. Not only for learners, they also organize **free webinars and training workshops regularly** for teachers to make them competent and confident. Their attention to detail and laser-sharp focus contribute to their team's success.

In addition to the textbooks and free digital content for both teachers and students, Orange Education also has a special **School Fee Protection\***. Under this, any child's entire year School fee is covered by Orange Education in case of any demise or permanent disability of main earning member of the child's family.

"What we do today defines the future that we are going to have!". With this thought they have launched a revolutionary project on **Artificial Intelligence books** from grade 6, **Data Science books** from grade 8 and **Coding books** from grade 1.

The world has been moving rapidly towards new technology and better lifestyle. To keep up with these advancements Orange Education is moving forward at an equal pace. They are motivated by these changes to produce best tech-driven educational products that will enable the students and teachers meet their needs and achieve new heights. One of their products - **"TOUCHPAD PLUS for 1-8"** received **huge votes** and won the **"HUMCEN FUTURISTIC PRODUCT OF THE YEAR"** Award 2020.

The chairman of Orange Education, Mr. Atul Gupta and Director, Mr. Vidit Gupta are a source of constant motivation and encouragement for everyone.

## *Veeresh Patil*

SPACE EDUPRENEUR | CO-FOUNDER WRITE YOUR DESTINY  
CURIOUS LEARNER

I am a serial entrepreneur who is passionate about the education sector and is hustling to bring innovation in the field.

John F Kennedy said, "The exploration of space will go ahead, whether we join in it or not, and it is one of the great adventures of all time, and no nation which expects to be the leader of other nations can expect to stay behind in the race for space."

The Indian education system concentrates more on acquiring information, than on creativity. This improves the memory of the student but does not encourage creativity to do independent research.

To inspire more people to explore and take this great adventure, we started Himalayan Space Centre(HSC) with Afroz Al Mamun, a Space Brand Ambassador at NASA. HSC provides opportunities for students to explore Space as a career option, other than the conventional paths of medical and engineering.

HSC brings astronomy and space education for the young learners in India. We are a dedicated and passionate team from across the globe, focussed on making the education system in India inclusive of astronomy and space science concepts via astronomy projects, sessions, tutorials and modules based on school curriculum for education, catering to requirements of schools & students.

HSC encourages the creative side of students. Our flagship programs are Young Astronaut Program, Rocketry making, Rovers making and landing.

Although the pandemic played a spoil sport to our plans of expansion, we have hustled to adapt to online education through our various programs, webinars and starting Women Astronomy Club to build curiosity for all age groups. We have so far done about 100 online sessions for children.

Himalayan Space Centre won the Social Enterprise of the year 2021 at TieCon-2021, Hubli.

HSC is on its path to start Space Schools, Exploration Hubs and Outreach Programs for both urban and rural areas.

I also co-founded Write Your Destiny(WYD) is a recruitment innovating startup, with my partner Shreedevi Roogi. At WYD, we hire and work with women getting back to work. IT recruitment is our forte.

With a background as a Business Analyst in Investment Banking and having worked with Infosys, TCS, Lehman Brothers and Wipro, I always had the urge to be an entrepreneur. The passion led to various ventures, from Campus recruitment training, creating curriculum to working with several colleges, designing modules that could prep Engineering students for their corporate journey

Family is my priority and watching movies is my stress buster.

## *Dr Rajib Acharya*

Dr. Rajib Acharya is the elder son of late professor Gitesh Ranjan Acharya who was the professor of Chemistry in the MBB College of Agartala, Tripura (India). His mother Suchismita Acharya is a retired school teacher.

In about 1991-92 Dr. Rajib Acharya passed B.Sc. from MBB College, Agartala, Tripura. While living in Kolkata, he was a fitness and wellness expert.

Dr. Rajib Acharya has been emphasizing and encouraging the importance of peace, religious harmony, education, nature and wildlife, health and wellness, human rights, women's rights, net-zero, food security and reduction of poverty through his Facebook accounts ([www.facebook.com/rajib.acharya.5030](https://www.facebook.com/rajib.acharya.5030) and [www.facebook.com/rajib.acharya.50](https://www.facebook.com/rajib.acharya.50)) and website ([www.rajibacharya.com](http://www.rajibacharya.com)).

When the world was suffering, was receiving pain and punishment, to contribute in the above-mentioned fields, to give a new focus, Dr. Rajib Acharya opened a Facebook account in his name on 5th September, 2015. From a vision that is related to a mission of spreading a version of peace and love, Dr. Rajib Acharya, since then, has been playing a celebratory role through his Facebook accounts and website. Currently he is associated with President Joe Biden, UK Government, UK Prime Minister, former President Barack Obama, Her Majesty Queen Elizabeth II (The Royal Family), PMO India, President of India, The Prime Minister of Israel, Nobel Prize, CNN, BBC News, Hindustan Times, Indian Cricket Team, Sputnik V, Chief Minister Mamata Banerjee etc very famous persons and organizations and is connected to their Facebook accounts.

Recently, Dr. Rajib Acharya played an important role in causing a ceasefire when Israel and Hamas started a very dangerous war (April-May, 2021). Tension between Israel and Palestine then eased out. The Prime Minister of Israel, President Joe Biden and Dr. Rajib Acharya have been playing significant roles to cause lasting-peace between Israel and Palestine and in the entire middle-east region. When Donald J Trump was the President of the USA (Dr. Rajib Acharya's Facebook was connected to Donald J Trump's Facebook), Dr. Rajib Acharya and President Trump completed the task of promoting peace between North Korea and South Korea. President Trump and Dr. Rajib Acharya also had influenced to institute peace between Israel and Palestine and in the entire middle-east region. As both Pakistan Prime Minister Imran Khan and Indian Prime Minister Narendra Modi are associated with Dr. Rajib Acharya's Facebook; Government of Pakistan, Government of India and Dr. Rajib Acharya have been working hard to cause lasting-peace between Pakistan and India; to improve cultural, political and economic relations; and to facilitate development in the entire Indian-Subcontinent region.

In August 2021, in Afghanistan, Dr. Rajib Acharya and his Facebook played an important role when the USA left Afghanistan and the Taliban took control of Kabul. Transition of power was relatively peaceful this time and deaths and injuries were far less. This was possible as Dr. Rajib Acharya and his Facebook played an important role in these regards. President Joe Biden, Prime Minister Boris Johnson, the United Nations, Government of India, Prime Minister Imran Khan, Dr. Rajib Acharya and his Facebook and various other world leaders and organizations are still playing significant roles to stabilize Afghanistan and to make this wonderful country a peaceful and prosperous one.

Also, 2020 Nobel Peace Prize winner World Food Programme, Nobel Peace Center and Nobel Prize had invited Dr. Rajib Acharya to watch the screening of Oscar nominated director Skye Fitzgerald's "Hunger Ward".

Dr. Rajib Acharya was also invited by the Nobel Prize Summit to attend the Virtual Nobel Prize Summit 2021.

During the Covid-19 fear-and-tear, when the world was being ravaged by death and destruction, Dr. Rajib Acharya and his Facebook accounts fought hard to save the world from obliteration. Honouring his stupendous fight against Covid-19, Sputnik V, the world's first registered Covid-19 vaccine, had invited him to join the Facebook of Sputnik V.

During the 2014 Brazil Football World Cup Dr. Rajib Acharya's "lip-lock" gesture became immensely popular (see his [www.facebook.com/rajib.acharya.5030](https://www.facebook.com/rajib.acharya.5030) profile picture). After defeating Argentina in the 2014 Brazil football World Cup final, German captain Philipp Lahm, while lifting the World Cup trophy, displayed his lip-lock gesture. It is the most popular gesture in the world.

In July-August, 2021, Dr. Rajib Acharya received an "Honorary Doctorate" title in peace and religious harmony from the World Human Rights Protection Commission (the Parliament of India, the United Nations, the World Human Rights Protection Commission and the External Affairs Ministry, Government of India).

In December, 2021, Dr. Rajib Acharya received the "International Influencer of the Year" award in the section of the "Social Media Influencer" from the Global Business Icons.

Dr. Rajib Acharya and his Facebook have gone deep into the dangers to promote education; to embrace resolution of conflict, peace, religious harmony and to develop economic strength and well-being.

Dr. Rajib Acharya and his Facebook have thus become the emblems of amicability, wisdom, peace, welfare and wellness, prospect, philosophical knowledge and the courage and determination of turning impossible to possible.

## *Suraj S Soni*

## *Ankur Ruparelia*

A VISIONARY WHO IS LEADING THE CHANGE  
THROUGH DIGITAL TRANSFORMATION

Ankur Ruparelia, Managing Director at Deloitte Digital, is a visionary and an innovator. He is driven by his purpose to solve world's complex business challenges via digital transformation. Mr. Ruparelia is a dedicated tech savvy professional. As a software consultant, he specializes in various latest CX technologies, develops ingenious commercial strategies and builds distinctive experiences to enhance

**'Human Experience'**. Some of his innovations have helped reduce significant time and cost required for large digital transformational projects. With his specialization in Information Technology, Mr. Ruparelia focuses on building diverse, Next Gen workforce to catalyze growth and lead the future for Deloitte.

Mr. Ruparelia believes that knowledge is an amazing treasure if shared in troves, and if unused it only shrinks. Every moment in our life is about learning, enhancing our knowledge and sharing it with the larger society. India is touted to be the **'knowledge capital'** of the globe with its worldclass services and talent pool. Despite the current challenges we are facing due to the pandemic, Mr. Ruparelia is optimistic that India will bounce back and leverage the opportunities and build an ecosystem which will support innovations and provide future generations an effective platform to learn and prosper. Deloitte as part of this ecosystem, is helping shape the future of global clients with its delivery excellence and client satisfaction. Deloitte has design, strategy, technical, functional, and business capabilities to solve business problems which clients face and aim to provide a platform for inquisitive minds to innovate. Making an impact that matters is part of Deloitte's DNA and focus is on addressing business and social issues which would help drive positive societal change in the communities where we live and work. It is a way of paying forward and giving back to the society. For Eg: Deloitte is enabling the World Economic Forum launch a crowdsourcing platform called "Uplink" which connects social entrepreneurs, innovators, venture capitalists and fosters mass participation in solving world's toughest problems and work toward 17 Sustainable Development Goals of WEF including No Poverty, Zero hunger, Quality Education, Gender Equality, Better Environment, Innovations, etc.

Mr. Ruparelia is excited in shaping amazing future ahead of us by solving complex business, environmental and social challenges via digital transformation and keeping human experience at center.

## *Rashi Joshi*

How would you define a millennial in today's world? Fun-loving, carefree and mobile addictive! There is a twist here, when we talk about the 22-year-old Rashi Joshi! She is work loving, cares about her EdTech Start-up – YLP and is addicted to work! Add successful to this list, the first round of introduction is done! A torch bearer for the “now generation”, she can be truly defined as a woman change maker of the year! Yes! she also loves having a good time with friends and family, but the young woman entrepreneur is one hundred percent dedicated to the professional zone.

Line of honors bestowed upon her speak for itself, she doesn't have to say it aloud, it's already in the archives! Right from receiving Youngest Achiever's Award, presented by Indian Achiever's Forum [recognised by Government of India], to winning India's pride as the Best Delegate at the Modern United Nations, she has check marked more than ten boxes in the world of awards and recognition.

The innate strength to live life by her own terms and the ability to take risks, separates her from the crowd. Talking about her risky career decisions, she didn't take-up job placements offered by high profile companies, instead took a road less travelled, 'of being a businesswoman'. This has paid off in a positive tone of life. Helming a business enterprise, becoming the founder and raising it, towards a better future, is a goal nailed at a young age.

Rashi is on the quest for life, where she wants to discover new ideas and gain practical learning experiences, that can enrich her knowledge bank, with a lot of soul. She wants to scale up the ladder of her career graph, by way of meaningful growth understandings and strategies. There is no wonder in the fact that YLP is a place that merges the idea of classroom learning and on ground testing!

The determined female successor of a business family, has taken her own path, not opting for a comfortable chair back home. The big, loving, caring extended Marwari family, the universe she swears by, is backbone to her beautiful ecosystem called, life! Rashi shines in the light of sweet, emotional, sacrifice of her parents, who let her move out from Rajasthan and live in Mumbai, to build a dream career! She will forever be thankful to them.

This new age woman, who has made her entire family proud, is on a “not so secret mission”, of becoming a change maker. Future projects she has in her mind, will be targeted to equip womankind, thus strengthening their role as independent earning members in the society. In fact, she has also written a research paper, 'How Microfinance is helping Indian Rural Women earn a Sustainable living?' - published in the UGC Approved Journey. [ No.47026 (UGC ISSN Number)].

The story has just begun, she wants to explore her philanthropic side by giving a voice, to her concern for humankind and mother nature. Rashi's vision of a successful business model is the one which brings in a humanity factor along with profit gaining. Speaking right from the heart she says, “I want to make a difference in people's lives, in the form a small yet impactful actions.” A promise of hope, is peeping like bright sunlight. The world can surely be a better place to live, with these change makers being around!

## *Amit Kumar Mishra*

## *Joginder Singh*

Mr. Joginder Singh Bedi the backbone of our organization; LEADMAGNET PVT. LTD. is an entrepreneur; influencer & director at "LeadMagnet Pvt. Ltd.", a Ludhiana (Punjab) based digital marketing company. Having past 15 years of experience in the digital marketing industry, Mr. Bedi has experienced the new normal for the 21st century.

Realizing the scope of 'Digital Era' Mr. Bedi along with his team initiated "LeadMagnet", which was initially run by a 'One-Man Army' who has been a learner and an innovator all through the years he has been into the industry. With this thought process that social media and the internet can be continuously helpful for the businesses to gain their true potential & leads.

He has encountered that digital marketing is the latest trend, both due to the advancements in the Internet & also the pandemic. The Internet, digital media & all the social media streams

turned out to be super effective when everything was shut.

From the initial time of the pandemic, Mr. Bedi & his team helped clients to gain competitive edge, while their competitors were failing badly. Clients have come to love their approach not only to marketing but also customer support. He gave a turn to the digital with the ideas, thought-process & innovation, helped brands to make a digital impression & gain the various perks of going digital.

Reviews portray that our clients are confident now and their approach to digital marketing enables them to increase their exposure to the world using all digital marketing tools provided by the LeadMagnet. With all these directed efforts of Mr. Bedi, LeadMagnet is growing with an immense speed, making them spread to Mohali and Delhi as well, in addition to Punjab.

As we know, Covid pandemic shut everything in the initial phase. When every business was struggling, educational institutions went online & focussed on virtual and distance learning. The clients who are in immigration industry, digitally transformed their business & assisted them to promote their services online. Further all the applications were received online. Right from counselling the aspirants to providing an upward push to each stakeholder i.e. our clients & as well as their customers.

Being an influencer, Mr. Bedi always motivated newbies to seek their career in the digital marketing industry. His focus is that the world is going Digital and because of which it has become the need of an hour for everyone. Thus, digital marketing is the preferred industry creating a lot of career opportunities.

You don't have to spend sleepless nights trying to cram the formulas, making it one of the most innovative & creative industries, just some brainstorming is needed to excel into this industry.

Mr. Bedi thinks that working smart is more important than working hard. The right way of working is to find out the smart and quick ways of getting things done. He educates people about how to use marketing strategies with the right technology. He helps people understand the need for customer service and marketing - the two pillars for any brand. He is the reason for the successful & overall growth of the company, LeadMagnet & also the clients taking services

He brought together a team of designers, videographers, editors, writers & SMM's to develop keywords' tools, in order to help the clients' content reach the masses. His expertise in AdWords and Facebook Advertising make him a top marketing adviser and internet marketer. With the directed efforts of Mr. Joginder Singh Bedi, LeadMagnet has been recognized as **The Digital Marketing Organization of the Year for Global Business Icon 2021.**

With high focus given to the customer satisfaction, whole team is following customer centric approach. Their requirements are fully entertained & whole team works collectively for the best outcome possible for the client.

Further, with the thought process of Mr. Bedi, his team covered all the hotspots of the farmers' protest. To make the farmers' voice reach the masses, LeadMagnet initiated, Kisan Ekta Morcha IT Cell, digital method to maximize reach all around the globe. Thousands of people got connected at their social platforms i.e. Facebook, Insta & Twitter and were updated each and every second. A good number of zoom meetings were also held, digital press conferences were organized which was wholly solely managed by LeadMagnet Pvt. Ltd. Right from ground work to back-end operations, LeadMagnet especially Mr. Bedi has been the backbone and constant support to the farmers and also the various clients, who are till date happy with services of Leadmagnet.

**LeadMagnet is looking forward to grow gracefully under the utter guidance & always-welcoming support of Mr. Joginder Singh Bedi....**

## ***Hari Krishna Prasad Dunga***

**LEAD GEN ADVERTISEMENTS PVT LTD**

Leading All the Way ...

***“The aim of marketing is to know and understand the customer so well the product or service fits him and sells itself.”***

– Peter Drucker

Hari Krishna Prasad Dunga, CEO, Lead Gen Advertising Pvt Ltd, is a young entrepreneur and dynamic leader of marketing and advertising. He was born on June 7th, 1997. He hails from Dunga Family which has an agricultural & rural background. He is the first one from Dunga family to venture business field. His passion towards business has started at the very tender age of 13 years. At that age

most of the kids will be immersed in playing and having fun with his/her friends or schoolmates. Unlike his age group kids he was dreaming of himself as businessman and started selling the locally available products after school hours and on holidays to the customers in his native place in Andhra Pradesh.

Soon he understood the dynamics of marketing and decided to start his own business promotion company LEAD GEN ADVERTISEMENTS PVT LTD. Through his newly formed company Mr. Hari Krishna Dunga is providing business promotional, Business strategic Services and marketing promotional services to various business houses.

He also provides training to people in marketing and mentors them. He and his team is doing great service to the business organizations, business people and those aspiring to make it big in the arena of business and marketing. His innovative approach in digital marketing, brand building, online and offline marketing strategies, app designing has won the hearts of many aspiring business people and they have become his strong customer base for his company.

Apart from the Lead Gen Advertising Pvt Ltd, Mr. Hari Krishna Dunga has started Medhavi Edutech Pvt Ltd to cater his services in the field of Education. He understood the value of education in shaping the personality of a human being and decided to give his best to the education sector. He is currently pursuing Law course.

He is one of the promising young businessmen, who believed in his dreams and never ever hesitated to chase them in spite of many hurdles on the way towards realizing his dreams. No doubt, the future is going to be a witness of his transformation as a Global Business Icon as he is planning scale up his business projects at the global level.

'All men dream, but not equally. Those who dream by night in the dusty recesses of their minds, wake in the day to find that it was vanity: but the dreamers of the day are dangerous men, for they may act on their dreams with open eyes, to make them possible.'

I am very much happy to receive this award. This award is recognition of my dreams, my aspirations and my efforts! This award instilled in me more confidence to chase my dream projects with renewed confidence. THIS AWARD LIFTED MY SPIRITS HIGH!

A BIG THANK YOU for this recognition by the esteemed Judges and organizers!

But, this award also reminds me how responsible I need to be towards my projects and future projects. And I will not fail in realizing my dreams as my strength lies in learning my mistakes and my keen observation of the opportunities available in the market.

I dedicate this award to my family members! As a member of Dunga family I am proud to receive this award and the credit goes to Dunga family. It is because they are the one who first believed in me and stood like a pillar of strength in pursuing my dream projects or dreams. When I expressed my ideas of doing business they never ever doubted about my success. Because, they know me as a go-getter and they have witnessed this many times in my life! Hence, the credit for this award goes to my family members, my friends, my mentors and my team!

**THANK YOU ALL AND WISH YOU ALL GREAT SUCCESS IN ALL YOUR ENDEAVOURS!!!**

## *Prithviraj Batte*

A 12 year old boy who belongs to a defence family started sailing on the seas and played 5 National championships. (NIOC) National inland optimist championship and represented CESE club didn't continue sailing as his profession and took a firm decision to shift his focus, interest and career from sports to business.

Pursued science in 11<sup>th</sup> and 12<sup>th</sup> and completed entire schooling in Army School. He was also selected in Madras Engineering group (MEG) in 8<sup>th</sup> standard along with Olympian Vishnu Sarvanan. He was also trained in Gurnam Boys Academy, BEG (Bombay Engg Group) didn't go into army and followed his heart and passion. Failed in 11<sup>th</sup> in 2 subjects and cleared both in just 15 days. Failed in 12<sup>th</sup> boards maths as well but appeared for the retest within 2 months and cleared it with flying colours with the help of his mentor Rohit Solanki sir through YouTube channel cbseclassvideos.

Without any coaching or any mentor he managed to clear CET in just 3 days with 85% and got into engineering college and started a digital marketing company in Dubai, helping other businesses to grow and excel in their field.

Since childhood I always dreamt of owning a business in each and every industry but right now it's not possible but in coming time, definitely I will make it happen. My team and my partners call me Junior Ambani. So basically I believe that you don't need any degree or qualification certificate to start a business. Anyone from any background, any field, any degree can totally start a different venture if that person wants.

But I also believe that business has only two functions "Marketing and Innovation" which means every business and every industry needs me, my company and services that my company provides which eventually makes me feel 50% part of every industry or partial owner of every business that I promote which motivates and excites me to do this on a much greater level.

## ***Parminder Singh***

Parminder Singh, hailing from India, has made an unprecedented mark in the global financial sector. He has carved out a special place for himself, and in the process created a path for other Indian entrepreneurs to follow in his footsteps if they wish to be as successful as him, especially if they want to be truly a global soul. Known worldwide for being the best in the industry, he has not only started but also turned many ventures into successful companies which are known

across the globe, among other applaudable qualities, for their reliability as well as their quality services. Parminder believes in "dreams" and making them into a cohesive reality for himself and the people around him. He has triumphantly turned his dreams into reality through his companies in the last decade. His focus has been on developing ethical companies that improve the foreign exchange market & collaborating with other pioneers of the sector to do the same. Not only that, but he also wishes to provide an avenue for the local producers to meet buyers from across the globe via his trading portal united exchange.

He can see beyond the present, and with his fiery entrepreneurial spirits not only envision but also actualize a better future. Highly successful examples of his enterprising spirit are his 2 companies- Avner Fx, United Exchange, which are already creating tough competition in the market as well as setting London in their respective fields. He continues to inspire not only his team but anyone that wishes to make a mark in the world of finance and otherwise as well. He seizes and creates new opportunities for himself and others by having an inclusive vision which he fulfills by generating and promoting varying openings in his businesses.

# Abhishek Sharma

A STORY OF A YOUNG ENTREPRENEUR WHO CARVED HIS OWN PATH EVEN AFTER FAILING MULTIPLE TIMES IN LIFE

*“your time is limited, so don't waste it living someone's life*

*~ Steve Jobs*

There is a purpose behind using Steve Jobs quote here; you'll learn this later in the article. Because sometime a quote can become someone's life changing words.

Today we are talking about a personality who is an entrepreneur and helping many people by leading them the right path. He is none other than *Abhishek Sharma*.

His journey is no less than a roller coaster ride. Nothing is easy in life, you have to pay high price to get the best for yourself or to live a luxurious and prosperous life and we pay that amount in the form of struggle, hurdles, and multiple failures. Abhishek Sharma had also faced many failures in life before embarking on a business career.

Let's learn more about Abhishek and his family background and how he became a business after failing a lot in his life. What made him so determined? How he had to discontinue his education in his early 20s?

## FAMILY BACKGROUND

Abhishek was born and brought up in Delhi and his hometown is in Mathura, UP. He belongs to a typical Brahmin middle-class family. His father is a freelance tailor.

Just like other kids he also had a lot of dreams and aspirations in his eyes. He had zeal to do something in life and provide the best to the people of this country.

Now, the fascinating part of his journey is the connection of a movie and several documentaries of great people with his success. The fire that ignites in his eyes after watching one single movie and made him come this far in his life.

Now, you must want to know that after all, from where the making of successful entrepreneur started?

So the story goes like this!!

Abhishek Sharma is the founder of Celltob Company. But he doesn't belong to a businessman family. With zero experience in business, he is able to reach the heights that he wants to achieve. Not many can do what he did.

## ONE MOVIE THAT BECAME HIS TURNING POINT

You all will be surprised to know that Abhishek dropped his study after 1st year of college.

Which made him take such a risky step in his early life?

- When students are more focused on their studies, Abhishek was weaving a dream in his eyes.
- There is always something in everybody's life that inspires them to this end that they set new benchmarks or records for others.
- A similar thing happened with Abhishek. Who had thought that one movie can change the mind of that teenage boy to this end that one day he would be responsible for holding so many other lives? And he would give job opportunities to others.
- His real journey starts from the movie **Pirates of Silicon Valley**. The movie was revolved around computers and its two inventors late STEVE JOBS AND BILL GATES, who have blessed the world with a modern technology.
- Abhishek was highly inspired by that movie and started to build an operating system in 1st year of college.

BUT it was not easy for him to make his own decisions and working on his dreams. He had to deal with multifarious defeats in his life.

## FAILURES THAT TURNED INTO SUCCESS

You must have heard one thing that you gotta pay the COST to be the BOSS!

- After working on his previous operating system project, he realised that the digital world is a new era; so he shifted to web development.
- He started a website called Universe.com to provide some services online.
- But as we all know, that not all start-ups get a chance to thrive in this competitive world, the same thing happened with Abhishek. Without any investors or funding, he wasn't able to run that start-up for a long time, so he dropped that idea.
- His journey didn't stop there. He was determined and energetic and wanted to do something out of the box in his life. So, he started a web development & digital marketing company for pocket money.
- He had failed 4 times but didn't lose hope. He changed partners 3 times but all these things couldn't stop him from achieving his dream.

After trying everything from his end, facing troubles and failures, in the end, God has to give him what he deserves. He finally got to taste the sweetness of success after 5 years of struggle.

In the period of 8 years, he trained more than 200 interns for free and now they are working in a big organisation with a minimum 5 figures salary.

AND it was the starting of his success.

## CELLTOB COMES INTO EXISTENCE

Abhishek founded Celltob, a branding and marketing company, where he and his team provide digital marketing, application development and web development services.

His company is doing great at all levels by providing the best services to their clients with a promise or a tagline that we don't want to make you number one but THE ONLY ONE.

It wasn't easy for him to reach here at this position but he never hesitated from trying different things and failing.

He is an inspiration for all youngsters who lose hope after one failure.

He is now focusing on building NFT based social network for young influencers. And, also he is focussing on starting an interns training program for underprivileged youngsters.

This initiative will really encourage young people to do something in their life. He believes in educating others and providing the best to those who cannot afford the best for them.

**Abhishek Sharma is a true inspiration to all who wanted to start their start-ups but didn't find an urge to start and mostly drop their ideas due to lack of support or motivation.**

## ***Varun Kumar Doranala***

Varun kumar Doranala is from Hyderabad,he has done Bachelor of business administration And REBT the founder and owner of two companies he was passionate about music and business. He struggled a lot for investment for business as alone and he started the first startup company called My Mop company

## ***Rajinder Bidhan***

**“BBC INDIA GROUP”** The company was established in 2015 with the core objective of delivering unique and sustainable energy solutions with the singular focus on creating long-lasting value and savings potential for all sections of consumers. With this objective in mind, we intend to contribute to the ambitious Indian Renewable Energy Mission target

of 175 GW by 2022.

The company is led by Mr. Rajinder Bidhan with more than 26 years of overall professional experience in Media, consultancy, technology and Agriculture development.

The extended team is a combination of highly experienced, skilled and enthusiastic engineers and consultants, who have a proven track record of delivering exceptional solutions and achieving highest level of customer satisfaction.

What we do :-

### **GRID-TIED**

The Grid-Tie PV systems (also known as On-Grid/ Grid connected systems) are connected to the distribution grid using inverters and usually do not use batteries. This solution results in reduction of electricity costs for areas which already have access to grid. Such systems are capable of exporting surplus power and are designed to automatically shut down in case of anomalies in grid parameters such as voltage, frequency, etc.

### **Benefits:**

- Enhances efficient and continuous power supply
- Industries and commercial entities can avail cheaper power irrespective of Time of Day (ToD) charges benefits like subsidy/Tax benefits
- Consultancy Services

### **Providing guidance & implementation of:**

- Net metering arrangement
- Projects in Power Purchase Agreement mode (RESCO)
- Projects with government subsidy
- Providing assistance in securing finance for solar projects from financial institutions, banks etc.
- We provide end-to-end consultancy for solar power plants, from concept-to-commissioning with finance facility.
- Services include the following:
  - Studying the rooftop or ground area,
  - Technical investigations
  - Undertaking shadow analysis of the space for installation
  - Analyzing past electricity consumption to determine the optimal plant capacity
  - Quality & cost control
  - Step by step installation monitoring
  - Stringent project documentation
  - Third party testing and certification

## *Rahul Agrawal*

Mr. Rahul Agrawal is the Managing Director of Auto Centre Group, which is an Authorised Dealer of Mahindra & Mahindra providing Sales and Services across 3 major districts of Chhattisgarh State (India)- Korba, Bilaspur and Raigarh. He entered to his family business at the age of 22 only in the year 2019 and in a very short span of time, he understood the business and started developing his business to the extreme level and as a result Auto Centre Group was awarded by Honorable Mr. Anand Mahindra Sir (Chairman- M&M) for the Outstanding Performance in the FY-2020 Festive Season.

Mr. Rahul Agrawal born in Korba (Chhattisgarh) India, comes from a simple joint family background. He is a third generation Entrepreneur. He holds his Masters in International Business Management from London (England). In his corporate avatar, he specializes in Retail Projection, Process Simplification & Simplified Top Management Operations, Middle & Long Term Business Strategy & Financial Management. He believes in making 100% efforts for everything & everywhere.

His punch line is ***“Do it Well or Not at All”***.

Mr. Agrawal is planning to focus more on EV segment of Mahindra to give relief to the customers from increasing fuel prices & also EVs are Environment Friendly Vehicles. He is currently planning to create a profile on Instagram for youngsters for sharing knowledge on Entrepreneurship & Leadership.

He is an active supporter of NGOs & Charitable Organisations like Orphanages, Old age homes & handicapped children home.

Despite his Professional & Social Duties he is a wonderful sportsperson. He is very good player of Cricket, Badminton & Chess.

He is aggressively & constantly working for Training & Development of his manpower to enhance employee performance, boost employee productivity & to reduce employee turnover. Being as a Young Entrepreneur he would like to address to the Youngsters of our nation, “As a Youngster, You have Lots of Energy, so use it to chase your Vision, not the Money; the money will start following you”.

## *Passang Sherpa*

Passang Sherpa is a Young Indian entrepreneur, Co-Founder, and CEO of Pango Services Pvt Ltd. A man with vision and ambitions started his primitives in Siliguri, West Bengal, India. Based on online vehicle repair service, Pango Services solves all the on-road and door-to-door vehicle repair/breakdown problems with just one click. Established in 2020, it was a tough time for the entrepreneur but as it is said “The Positive Mindset always brings Positive things”, it was also the opportunity to help out the alternate day's jobs holders or shop keepers. In a such Pandemic situation, we had settled many door-to-door vehicle repair services and stepped a ladder forward towards our business module.

The young entrepreneur had learned early on in life that one can either be disheartened by life or encouraged by it. His dad was died at an early age and raised by his mom, Rajani Sherpa. Being the older among his three siblings, he is hustling to give them a better future and become the helping hand of his mother. To utilize his time and being passionate about educating own self he also works as a personal tutor to senior and higher secondary students and some time to encourage them with self-building sessions so that by motivating others, he can motivate himself.

Archiving the online aptitude test on the basic concept of Entrepreneurship & Digital Innovation by Lingaya's Lalita Devi Institute of Management and Science, completing the Google Analytics for Beginner, and many more the entrepreneur has always been working on self-building and constructing the best version of himself.

The young entrepreneur also has an eagle eye on cryptocurrencies and long-time investing asserts. Having the adopting attitude and positive nature the entrepreneur is always excited to take risks and work with provocative dedication towards his every portfolio.

Being a person of vision, Mr. Passang aims to provide his service whole over the nation and make Pango services a convenient tool for every vehicle owner, busy schedule job/businessman, disability person's and especially for women's riders. As for safety and professional experience technicians the company claim to provide the best pocket-friendly and best service. Being the seed growing start-up the entrepreneur is to seeking financiers.

Before Mr. Passang's journey of entrepreneurship, he had contributed to many BPO sector companies with his excellent work & efficiency on Idea telecommunication in New Delhi, Airtel telecommunication in New Delhi, Hotel Industry as an All-rounder in Maharaja international Mount Abu, Tourist Agency operator of Green Liberty Tourism Mount Abu, and also as restaurant Owner in Siliguri. He believes without experience confidence in the market has no use and the market is all about confidence and knowledge.

## *Jony Dhankar*

**“AT THE BEGINNING IT WAS AN IDEA.”**

The idea to build something that lasts, to enhance the quality of construction industry.

The idea has become reality thanks to my JDCC team, a practice made of people sharing their passion towards construction and for attention to the details.

Since, 2011 the company has evolved from solo building projects into a strong Construction & development company.

Today, the company operates as a complete professional construction service using its collective skills understanding of markets to develop a unique value proposition to clients.

For some, the journey of life seems endless, but for Dr Siddharth Bhattacharya one lifetime is falling short to achieve his desired goals. He is the Advisory Committee Member of The Planetary Society (NASA) and Advisor Young Member of TiE. Apart from that, he is a professional member of the World HR Board, All India Management Association, HRPA-Canada, IHRCI-USA, and a lifetime member of the Institute of Scholars. Following his lofty aspiration was just as difficult for him as it would be for anyone, filled with challenges and struggles. Yet, his yearning never died out.

He started by setting discipline for himself to bridge the distance between his dreams and accomplishments. He believed that hard work and a consistent desire to improve oneself were the only tools that could carve out his bright future. After finishing his Bachelor's Degree in Psychology, he had the hunger to complete his Executive Management Degree from IIM-Calcutta and an MBA from Symbiosis-Pune. Thereafter, Dr. Siddharth Bhattacharya was unstoppable.

He went on to attend MDPs from Harvard-USA. He attended HEC in Paris, Kelloggs, and Wharton in the USA. He pursued his studies from the Institute of Professional Excellence in Coaching, USA, and Career Development Alliance, USA to become a Certified Professional Coach and Certified Career Coach respectively. His knowledge was instrumental in helping individuals to direct their energy productively.

With more than twenty years of experience in the corporate world, he is the indisputable emperor of HR leadership. His diverse knowledge comes in handy in creating progressive personnel who are adaptive, flexible, and supportive. Dr Siddharth Bhattacharya is passionate about stimulating the organisational culture that thrives on team orientation.

***“As a seasoned and progressive professional, I derive my energy and passion from making employees grow. I'm inspired by the opportunity to use technology to solve hard problems. I'm enthusiastic and curious by nature. Open to new experiences and people, when faced with a challenge I'm usually the first person to say, “Let's try and find out!”***

says Dr Siddharth Bhattacharya.

Dr Bhattacharya emphasizes meeting personal commitments and professional dedication for building an efficient workforce. He believes in partnering career and personal growth for the best results. Apart from meeting the organisational needs, he has passionately mentored the young generation and nurtured their aspirations. His counselling has helped students set direction and achieve their goals while establishing themselves as good human beings.

He aims to develop a full HR cycle constituting a strategy of planning and implementation, interconnected team players, bridging cultural differences to promote a global work environment, revitalizing HR departments, developing proactive business solutions, launching green initiatives, and more. He has also established competent individuals at various hierarchy levels with his leadership excellence. His relationship-building skills have fostered a work environment where mutual understanding and respect blooms.

His list of achievements is long. Today, he is the Brand Ambassador of Mohammed Bin Rashid University of Medicine and Health Science (MBRU) to empower the community during the pandemic. He is also the campus ambassador of the International Model United Nations (IMUN).

Dr Siddharth Bhattacharya is felicitated with several awards. He has won the HR leader of the Year 2021 Award, Best Global HR Strategist Award, Dynamic Leader of the Year Award, HR Professional of the Year, Top 50 Influential Leaders Award, Indian Icon Award, Asia Pacific Excellence Award and many more. He is also honoured with the Dr. APJ Abdul Kalam Pillar of India Award, Business Mentor of the Year 2021 Award, and Difference Maker of the Year 2021.

It's true, coronavirus has upended everything. But during the pandemic, when rumours and panic created havoc among people, Dr. Siddharth became the watchdog for his safety and others on Facebook, WhatsApp, Twitter, Instagram. He gathered a few Techies from different organizations, mobilized community-building efforts by compiling helpline numbers (hospitals, veterinarians, doctors, etc), and helped the elderly population. He mobilized his volunteers to check on various staff at society duties. He Left out one meal and a bowl of water for animals that strayed into their neighbourhood. Being a Psychologist and Certified Coach. He helped the emotionally broken family / couples and people with free counselling or mental support during this Pandemic.

As a freelancer Dr. Siddharth has been doing Career Coaching for school & university kids for the last few years. He has been involved in providing advice to the education system of India, career & life development counselling to students and have helped various schools and universities to set up their centre of excellence to bridge the skill gap in the market. In the industry, most people know him as a great mentor. He has nurtured and groomed many students out of the regular work selflessly and does it to have better human beings outside in our society.

***“To LIVE, to LOVE, to LEARN, to leave a LEGACY. Start Unknown Finish Unforgettable”***

## ***DC Thirupathi Daddala***

The Indian pedagogical narrative has witnessed a technology-oriented makeover in recent times. The ongoing pandemic

has accelerated digital learning all over the world, including India. With several institutes now feeling the need to redefine their education systems, Student Unique Card has emerged as the torchbearer of technology-powered learning.

### **A PARADIGM SHIFT**

Established in 2015, Student Unique Card is an ed-tech initiative that aims to convert ordinary schools into digital campuses. The platform strives to bring together emerging technologies such as artificial intelligence (AI), data science, analytics, machine learning, smart cards and others to address the lack of superior education, especially in tier-II and tier-III cities in India. The company has partnered with 2300+

educational institutions till date.

Student Unique Card claims to have spearheaded the introduction of the “internet of things” in the Indian educational landscape. The company ultimately aims to eliminate human intervention in its technological innovations, but it plans to do gradually. In a sense, it has proved to democratize the way in which both students and educators approach education, in that it has made important information such as academic records, attendance records, and performance graphs accessible to Parents and Educators & Automated learning system to Students, 24 hours of the week, and all of 365 days.

### **THE PHILOSOPHY THAT POWERS THE DREAM**

Student Unique Card comprises a close-knit team of entrepreneurs, educators, and other professionals who understand responsibility, accountability, and integrity. They aim to produce work that can impact society positively. They are of the belief that true learning never stops, neither for the students nor themselves—they're always on the lookout for areas that have room for improvement or advancement. In their words, their technological innovation is never “done”: it is a rather accurate belief for the fraternity they belong to.

The platform's approach is essentially student-driven, aiding the pupils' intellect as well as emotional growth. They possess a rich repository of learning resources, and also empower their educators to focus on students' needs and teach them as efficiently as possible.

### **THE VISIONARY BEHIND THE VENTURE**

The initiative has come a long way in the last seven years, largely championed by its founder and CEO DC Thirupathi Daddala, who is a serial entrepreneur. Daddala hails from a lower-middle-class family in Andhra Pradesh. His father is a farmer, while his mother was a homemaker. His passion for entrepreneurship can be traced back to the time when he sold milk as a school-going kid. But that was not enough for his curious mind. After working on several ideas and experiencing eight startup fails, he realized the scope of digitizing education in tier-II and tier-III cities, where a majority of institutes still struggle to access the latest technologies. Thirupathi took it upon himself to bring about the much-needed change by way of implementing the latest technologies in these areas with one sole aim: let's go digital.

His way of working is quite different from the droves of entrepreneurs who have an exit strategy in place even before their startups take off. Daddala cares for his organization and the jobs he can create, and addresses problems head-on. One can call it a rags-to-riches story, as he built this company out of nothing and took it to the pinnacle of success. Student Unique Card raised four crores through domestic angel investors, namely Sudhakar and family, Prof. BSK Reddy, CV Chalam, Vedanth, and Ram. Thanks to DC Thirupathi's consistent efforts, the company is valued at 75 crores today.

### **PREPARING EDUCATIONAL INSTITUTES FOR TOMORROW**

DC Thirupathi candidly shares, “My journey is not one that was studded with stars. For two years, I worked around 18 hours a day, trying to make ends meet and fuel Student Unique Card with the limited resources I had.” His mission to drive innovation in managing educational institutions, especially for towns that are lagging, is fuelled by the same sentiment. He is using his exceptional management portfolio in order to further his organization's plans across various departments such as human resources, finance, etc.

***“I am all set to take this to the next level,” Daddala says.***

Student Unique Card is operating under the mentorship of NovlEdge Entrepreneurs.
